Vol. XII. No. 11

Lafayette — Orinda, California — Friday, May 28, 1954

Ten Cents

Fire District Termed Key Factor in Incorporation Study Progress Report

Incorporation of Orinda "on a modest level of government" with an annual budget of approximately \$200,000, and with the Orinda Fire District remaining as a special district, were suggested as feasible by Ken Norris, director of Coro Foundation's consulting service department, in a report to the Orinda Association board Monday night.

Reporting on the first month of his Orinda incorporation study, Norris said the report, started April 26, should be ready "shortly after July 1."

He pointed out to the directors' meeting in the Orinda School library that, although he had been instructed to cover the Orinda Fire District in his fact-finding survey, it might be wise to consider the fire district area rather than the school district as a basis for incorporation.

"THE SCHOOL DISTRICT has over 14,000 acres, or about 22 square miles, of which only 39 per cent, or 5500 acres, is in the built-up area of Orinda," he said.

"The fire district has around 11,000 acres, or about three-fourths of the school district area. "Population of the school district is about 10,000, with assessed valuation at over \$13 million. But of this assessed valuation, Utah Construction Company holds about \$2,350,000, and East Bay Municipal Utility District, Kaiser and some others hold about \$1,080,000.

"It might be a good point to question the advisability of incorporating an area so large as the school district."

NORRIS SAID he thought that recreation should "definitely not" be included among city services at the start of an incorporated Orinda. "That would be something for the future," he commented.

He stated that 18 different jurisdictions levy taxes on Orindans — "five fire districts, four school districts, two sanitary districts, three water districts, one hospital district, the county, a mosquito abatement district and a flood control district."

"It is not inconceivable that most of these 18 special districts would not be affected by incorporation," Norris observed.

"The total tax rate for some Orindans comes to \$8.14 per \$100 assessed valuation. "It's conceivable that after incorporation the tax rate could go up to over \$9 in a year or so if there is sufficient pressure for increased services.

"HOWEVER, it's possible to incorporate without any net increase in the tax rate, or with a very small one, on the basis of the fire district." The Coro official reported that California cities of 10,000 or 15,000 population generally have annual budgets of \$200,000, with almost half going for fire and police protection, 40 per cent for public works (including street and roads) and 10 per cent for "overhead" — legislative, executive, planning, etc.

"But," he warned, "we allocate \$100,000 to police and fire protection — about \$50,000 for each — it would not work out. The current budget of the Orinda Fire District is \$102,000. I might suggest for your consideration that a modest level of service might very well exclude the fire district, leaving it as a special district."

Norris praised the "excellent service" of the Orinda Fire District. HE SAID that with careful planning of a roads program a local bond issue might be amortized in several years.

"You can probably find a pretty reasonable road budget," he added. "Almost 68 miles of Orinda roads have been built up by the county, Norris stated — "almost 70 per cent of the roadways in the Orinda area." He estimated that an incorporated Orinda would receive roughly \$75,000 in state subventions — gas tax funds and auto in lieu — plus some \$500 from liquor license fees.

Norris was introduced by Frank Cayting, chairman of the Orinda Association's incorporation study committee.

Association's Board Endorses Fluoridation

The Orinda Association Board of Directors, meeting at Orinda School, endorsed the proposal for fluoridation of our drinking water supply Monday night.

On recommendation of the Civic Affairs Committee, the board unanimously adopted a resolution calling for "cooperation with other organizations and interested groups" to accomplish fluoridation.

The resolution pointed out that "East Bay Municipal Utility District has reiterated its stand that it will not, on its own volition, fluoridate our water supply."

Motion for adoption was made by George Haukenen and was seconded by Frank Cayting.

In other actions, the board: 1. ASKED THE County Board of Supervisors to add representatives of unincorporated areas to its committee on study of the garbage-dump situation and recommended Haukenen and Edward Rogers as Orinda representatives.

2. Decided to invite George K. Burton, assistant director of the Contra Costa County Civil Defense and Disaster Council, and Harry Stoops, Bay Area director for the state civil defense organization, to the June 28 board meeting for further discussion of civil defense problems.

(The board decided it wanted to get further information before acting on a proposal to establish a civil defense sub-committee.) 3. ON RECOMMENDATION of President Zach Montgomery, supported efforts of other organizations in the campaign against illegal dumping along roadsides and praised the Canyon Community Club for its work in that direction.

4. FRED T. MONTGOMERY announced he will appoint committee heads at the next meeting. (Montgomery named Haukenen chairman of the roads committee.)

5. APPROVED FURTHER discussions by Ernest Rahmeyer with the Acalanes High School District Board regarding possibility of a community swimming pool at the future Orinda High School.

(Rahmeyer and Kirk Miles, chairman of the civic center, park and recreation committee, said there is a possibility of reaching agreement with the high school district board for construction of a pool, with the high school district paying part of the cost and the community paying the rest. Rahmeyer told of his proposal of such a plan at a recent high school board meeting.)

6. DECIDED to ask County Road Commissioner Victor Sauer when a one-block section of Southwest Drive near Tara Road will be improved by the county.

(About a year ago Southwest Drive residents contributed \$200 as their portion of the cost, with the agreement by the county that it would pay the remainder of the cost and would improve the road.) 7. Heard the president announce that at the next meeting there will be a "complete review" of the association's Orinda Planning Committee.

Lions Hear About County History

The Orinda Lions Club heard Hal Johnson speak on historical figures and locales in Contra Costa County Wednesday night at the Orinda Roost.

Johnson has been a Bay Area newspaperman for the past 50 years and will retire to a home in Hawaii this summer.

Chairman Hayden Bridwell will handle ticket sales for the installation party Wednesday and the regular June 9 meeting will be canceled.

Library, Tennis Courts Discussed

Possibility of a new library building and of public tennis courts on Orinda Community Center land was discussed at Monday night's Orinda Association board meeting at Orinda School.

Kenneth Courtwright, Orinda Lions Club president, and Mrs. John J. Madison of the Orinda Junior Woman's Club reported on work of the Lions-Junior Women Orinda Library Committee.

Kirk Miles, chairman of the association's civic center, park and recreation committee, and William Fleager discussed briefly Fleager's plan to raise funds for two tennis courts between the Orinda School grounds and Irwin Way.

"IF A SUITABLE site were provided for a library building through the Community Center, we thought sufficient funds could be raised for a building, so that the county could staff it," Courtwright said. "Our committee has had quite a few meetings. We've been discussing sizes, sites and finance. "Our main purpose at present is to arouse sufficient interest and to educate the people in Orinda about the library. It's surprising

how many people even in our own town don't know there is a public library in Orinda."

Courtwright stated, "We're shooting for this fall, for a major campaign for a new site for a library building."

IN ANSWER to a question from Mrs. Stuart Henderson of Orinda Association secretary as to whether the present public library in the Orinda Community Church is outmoded, Courtwright said:

"OUR TWO GROUPS have recently added shelves for 1500 books. More space is needed for books. "We'd like to start a library here with somewhere around 2000 square feet of floor space."

Mrs. Madison pointed out: "If we furnish the building, the county will staff and stock that building. The number of hours of library service depends on the need shown by the community."

Fleager said he was pleased with the association board's endorsement of his proposal "in principle" last month but said he had nothing new to report at this time.

The board commended Fleager for his civic interest.

YES, THAT'S A LIVE BOA CONSTRUCTOR around Gary Beeman's shoulders — but neither Gary nor the playful lizard reaching upward seems particularly perturbed. Gary will display both the boa constrictor and the lizard at Tuesday night's Sports Afield Show at Orinda School auditorium. Yvonne Nicolet will display the rifle which she is shown holding in readiness, just in case the boa constructor forgets his manners.

Cianciarulo Leaves Board, Cayting Named

The Orinda School Board regrettably accepted the resignation of Trustee Anthony Cianciarulo at a special meeting Tuesday night and swore in Frank Cayting to take his place.

The special meeting was called to canvass the votes in the recent trustee election, when Seaver Ballard ran unopposed.

Cianciarulo said in his letter of resignation "the pressure of business and private affairs has made it necessary for me to resign. . . . It has been a real pleasure to serve on the board and I sincerely regret terminating my position."

Cianciarulo was appointed to the board two years ago to replace Seaver Ballard when he went to Europe. Cianciarulo was then elected at the next election. When Ballard returned, Jack Fraser resigned and Ballard was re-appointed to the board.

Cayting, who lives at 28 Scenic Drive, has one child in school and one not yet of school age. He is also a director of the Orinda Association and chairman of the association's Incorporation Study Committee.

In the canvass of votes, all votes were in order and there were three write-in candidates: John B. Gilbert, two votes, C. L. Blue, one vote and Roy Clark, one vote. Ballard received 642.

"It will be a unique show," said Isola. "We even have a committee of girls setting up a camp scene complete with a motor boat and all the outdoor equipment labeled 'Who Says Girls Can't Hunt.'"

All the equipment on which boys and girls have been working throughout the year will be displayed, as well as conservation material from the Forest Service and a booth on the new Junior Hunter Safety Program.

STEPHANIE JENSEN, "who never knew what a rod was until this year," according to Isola, will demonstrate fly casting.

"The whole purpose of the show is to promote interest in the outdoors and to see the work that our youngsters have been doing. I know they will find it interesting, and perhaps educational."

"We would like to develop in parents the same interest in conservation and wild life that is being generated in the children," Isola continued. "I hope that everybody who can will drop in and see the work that our youngsters have been doing. I know they will find it interesting, and perhaps educational."

Kurt Haas of the Frontier Gun Shop in Lafayette will display custom-made stocks and rifles, Jim Buck will give a fishing demonstration and exhibit the new monofilament line he has created, and Art Evans of Boero's in Walnut Creek will show the latest in fishing tackle.

THE DIABLO ROD and Gun Club will get into the act with a booth and many of the boys and girls will show hunting and fishing equipment.

Two Orinda setback variance permits were granted by the County Board of Zoning Adjustment Tuesday night. They were for:

1. W. H. Loeper, for a 20-foot setback for residence and garage on Lot 384, Hacienda Del Orinda, fronting 93 feet on the east side of Camino Lenada, approximately 1000 feet north of Miner Road.

2. William Rieger, for a 5-foot setback for a garage on a portion of Lot 22 and all of Lot 23, Block H, Orinda Park Terrace, fronting approximately 400 feet on the north side of La Encinal, about 450 feet west of El Toyonal.

Both applications were for variances in a Residential-Agricultural zone.

Leiber Opens Office

Irving L. Leiber, public accountant and tax adviser, has opened an office at 118 Orinda Highway.

Because of the Memorial Day legal holiday, all schools in the area will be closed Monday.

Banks, post offices, government offices and most stores will be closed Monday.

Because of the school holiday Monday, all schools in the Acalanes area will have Friday, June 11, as the last day of school, instead of June 10, as originally scheduled.

Leiber Opens Office

Irving L. Leiber, public accountant and tax adviser, has opened an office at 118 Orinda Highway.

Planners Inspect Controversial Land Owned by EBMUD

Four members of the County Planning Commission — Chairman J. P. Connors, Vice-Chairman E. H. Ward, Secretary G. F. McCormick and George Honegger — on Wednesday afternoon toured the Crossroads area land which East Bay Municipal Utility District is seeking to have rezoned from Residential-Agricultural to Retail Business.

They were accompanied by Principal Planner H. Russell Griffith and Associate Planner Richard Stockwell and by Mrs. Mitchell Farrar, chairman of the Women's Planning League of Contra Costa County, and Mrs. Frank E. Young of the Women's Planning League.

Associate Planner George Brenner reported yesterday that the commission's technical staff was still studying the controversial applications of EBMUD for rezoning of some 52 acres in the Crossroads vicinity, including the Pine Grove, and of Dr. Wilbert F. Thomas for rezoning of Lot 42 at the southeast corner of Moraga Highway and Southwood Drive.

The Orinda Association has urged that no major local rezoning be effected until completion of a master plan for at least the central portion of Orinda, but the Board of Supervisors has indicated that action on the EBMUD and Dr. Thomas applications will precede completion of an Orinda master plan.

The county board has stated that the two applications were filed prior to the association's request.

Request Granted, Then Rescinded

The County Planning Commission almost performed an about-face over the controversial side yard application of P. C. Taniel for Lot 36 in Orinda Hills Wednesday night when, after having voted to grant a permit, it rescinded its action.

Associate County Planner George Brenner reported yesterday that early in the meeting the commission voted in favor of the application, on motion of Joseph DeCosta, seconded by Arthur Young.

Taniel had stated he needed the side yard variance he was asking. His application is for 10-foot and 15-foot side yards for a residence, instead of the standard 15- and 20-foot side yards in a Residential-Agricultural zone.

However, after the favorable vote and after Taniel had left the room, James Hupp and Paul Polaczek, president of the Glorietta Improvement Association, argued against the application.

According to Brenner, they pointed out that a year and a half ago, when there was considerable Orinda protest to Fred T. Wood's plans for Orinda Hills, variances such as in this case had been feared.

BRENNER SAID they also declared that Taniel had demonstrated no hardship-needed for the variance and that he was seeking the modification so that he could raise the lot price.

Later in the evening, on motion of G. F. McCormick, seconded by Young, the commission rescinded its action and put the matter over to Wednesday night.

Schools, Banks Close Monday

Because of the Memorial Day legal holiday, all schools in the area will be closed Monday.

Banks, post offices, government offices and most stores will be closed Monday.

Because of the school holiday Monday, all schools in the Acalanes area will have Friday, June 11, as the last day of school, instead of June 10, as originally scheduled.

Board Studies Sewer Charge

Irving Roemer denied last night the charges of Pleasant Hill groups that a sewer use charge by the Central Contra Costa Sanitary District would be a penalty imposed as a result of the defeat of the recent \$4 million bond issue.

Roemer, who was recently elected president after the resignation of Elliott Johnson, said "As I undertake my duty as president of this board at a critical time, I feel obliged to express certain of my views to my fellow board members and . . . to the public."

Roemer explained that a sewer use charge is the "second best way" of raising funds, and that the best method is still through a general obligation bond issue.

HE MADE IT CLEAR that the wishes of the people would be followed, and that if another bond issue is requested, it will be called.

"I am disturbed by expressions to the effect that a use charge will be a penalty to those who defeated the bond issue, but I believe that this board should look upon it as a simple necessity," he said. "If a sewer use charge proves necessary it should be as small as possible to do the work necessary to avoid critical health problems and should be reduced or discontinued as soon as possible."

"STRONG FEELINGS have been expressed to the effect that a sewer use charge is the only solution to our problem. Such charges are common throughout the United States and though not as equitable in our district as general obligation bonds there may be no alternative."

"It appears that the area in our district which defeated the bond issue will pay more heavily through the use charge method of providing funds. That is purely coincidence. I will never be convinced that the people of that area did not cast their vote in good faith."

"That they were misinformed by a small group that did not have all of the facts, must not now be charged to them. Their area is a densely populated one, they pay taxes, they are a part of this district. If any issue in which they may be discriminated against, I will oppose it with every means at my command."

ROEMER ALSO EXPRESSED his opinion of annexations, pointing out the obligation of the board to serve the natural drainage area and the necessity of avoiding any health problems.

"Regarding future connections and annexations," he said, "it has been suggested that none be permitted. I do not agree. As to connections in the district and small scale annexations, I feel that both should be accepted if possible."

"The disposition of sewage is the primary function of this sanitary district. It is inconceivable that a district would be formed to dispose of sewage in a sanitary manner with the thought that it would be fringed and spotted with dangerous unsanitary areas."

"TO ANNEX LOTS A, B and C with undesirable septic conditions is not alone desirable to the owners (of those lots) but also to their neighbors already in the district."

Roemer also urged the annexations of large areas, pointing out that the long range view demands they be included in the district when they are in the natural drainage area.

He noted that where they are able to pay a proportionate share for annexation and future service, they should be included, especially in that such annexations stand to benefit the people of this district by increasing its overall assessed valuation and decreasing the tax rate for all proportionately.

Roemer again stressed the need for some form of financing to do the necessary work in the district immediately, and added:

"The determination of this board as to the method of financing the work that must presently be done in this district should, in my opinion, be made only after the wishes of the people of the district have been determined."

'Town Hall' Meet

As The SUN went to press last night Orinda residents gathered at Orinda School auditorium for a "Town Hall" candidates night.

The meeting, sponsored by the Orinda Association, was arranged by the Civic Affairs Committee and presented candidates for national, state and county offices.

Sewer Board to Continue Talk Of Use Charges

The problem of administration and imposing a sewer use charge continued to occupy the spotlight at the meeting of directors of the Central Contra Costa Sanitary District this week.

A special meeting was called last night as a result of a three hour discussion last week which failed to resolve the use charge question. Attorney John Nejedly was instructed last week to appear at last night's meeting, which occurred after The SUN had gone to press, with possible drafts of such charges.

THE PROBLEM OF FINANCING necessary work was complicated by the comment of Director Frank Salingere that there is still time to call another bond issue before or simultaneous with the election of directors September 20.

However, Ivan Gilman, representative of the Pleasant Hill Civic Council, and Robert Kahn, former member of the Citizens Advisory Committee, said that if a bond election were called that soon, the same criticism of "rushing things" would be applied again.

Gilman explained that the Pleasant Hill negative vote on the bond issue was a result of a desire for fuller explanation of the work which the sanitary district maintains is urgent, and verification of engineering estimates.

DIRECTOR ERNEST SPIEGEL, acting president in the absence of Irving Roemer, stressed that the board must find some solution immediately as the budget studies begin next month and the budget must be completed and in the county's hands by July.

Letters were read from health authorities which pointed out the health hazards existing in Orinda, Moraga, Lafayette, Walnut Creek and Pleasant Hill, and reaffirming their stand that corrective work be started immediately.

In answer to their request of Pleasant Hill groups for an outside engineering study, Spiegel authorized Nejedly to make an informal inquiry as to the charges for such a study.

THE BOARD AGREED that there could be no reflection on District Engineer Gerry Horstkotte, and Spiegel pointed out that the district has no funds for the hiring of such an engineer anyway.

In other action the board delayed action on request from Danville Community Services District for cost estimates of supplying sewage disposal service on contract until June 3.

They also heard Ralph Dowell, chairman of the Clayton Valley group which is seeking annexation, explain that the proposed sewer use charge is "hurting their cause" although the area has no objection to participating in bond retirement.

Hills Are Drier, Weather Warmer

With the lack of rainfall and the warmer weather, the Orinda Fire Department is beginning to give warning about burning hours.

And it is noticeable from the dry grass, the total rainfall for the season remains at 25.39 inches, and the hills are turning brown.

Here are the temperatures:

	High	Low
May 20	69	48
May 21	76	43
May 22	89	41
May 23	71	48
May 24	70	41
May 25	68	47
May 26	74	44

Candidates Will Debate Wednesday

What shall the next Contra Costa sheriff do about civil defense, gambling, sub-stations or other changes?

What are the issues facing our next congressman and how will he vote?

Questions like these will be discussed by candidates for both positions when they meet to debate campaign issues at Acalanes High School gymnasium Wednesday at 8 p.m.

Upwards of 1000 persons are expected to attend the Candidates' Debate sponsored by The SUN as a public service. Of course, there is no admission.

Public interest has been aroused over both the congressional and sheriff races because of nation-wide publicity over Congressman Robert L. Condon's rejection from a Nevada atom test as a "security risk" and because of the six-man race for the sheriff's post to be vacated by James N. Long.

This is the first time Condon and Baldwin have met on the debate platform in this area since the last SUN-sponsored debate in 1952, when over 1000 people packed the gym.

Candidates will debate the pros and cons of important issues, instead of simply repeating campaign speeches they have been making throughout the county.

Taking either the affirmative or negative position on each issue, they will be expected to explain and defend their points of view against the arguments of their opponents.

The debate is designed to restrict speech-making to specific questions and also to give each candidate ample opportunity to answer remarks made by his opponents.

Condon, a Democrat and the incumbent, and the two other candidates for the congressional seat—John Baldwin (Republican) and A. L. Day (Democrat)—have been invited to debate and have accepted.

They will debate the question, "What are the issues facing the 84th Congress which will convene at the end of the year."

In the sheriff race, all candidates now have been invited. Topic for the sheriff candidates will be, "The sheriff's department can be improved—civil defense, gambling, sub-stations, civil fees and mileage, other changes."

Each candidate will have eight minutes for an opening statement and three minutes for rebuttal. A question and answer session will be held.

Moderator for the evening will be Kendrick B. Morrish, Contra Costa resident for 15 years and well known as a platform speaker. Morrish is president of the Oakland Chamber of Commerce, vice-president of the American Trust Company, Oakland district, and a community leader in Orinda.

Traffic will be policed by sheriff's reserves assigned by Inspector Norman Wilson at the request of The SUN.

Citizen Group on Borough Study to Be Formed by Mt. Diablo Junior Chamber

Formation of a citizens' advisory committee on the proposed borough type of city government for this area will be discussed Tuesday night by the Mt. Diablo Junior Chamber of Commerce governmental affairs committee at the home of Chairman Ted Barcelona at 3275 Judith Lane, Lafayette.

"Purpose of the meeting," Barcelona explained, "will be to outline plans for organization of a citizens' advisory committee and to develop an hypothesis on the borough system in order to have a starting point for the contemplated survey."

Decision to form an advisory group was made at the junior chamber's general membership meeting Monday night at Rancho Grande, Lafayette.

THE JUNIOR CHAMBER is now in the process of trying to secure a study by the Coro Foundation of San Francisco on the borough plan of administration for Contra Costa County. In a letter to W. Donald Fletcher, director of the Coro Foundation, Barcelona wrote last Saturday:

We have very little information on the borough plan for suburban areas. Because of this situation, we hope that a research study might be made, with our area being the center of such a report.

Barcelona's letter followed a conference with Ken Norris, director of Coro's consulting service, who suggested that a letter be sent to Fletcher.

NORRIS INFORMED the Orinda Association's Board of Directors Monday night at its meeting at Orinda School that he is "of the personal opinion, at the moment, that the borough system is not too feasible a plan" for this area.

After reporting on progress of the Orinda incorporation study he is conducting for the association, Norris, in reply to a query from Chairman Frank Cayting of the Orinda group's incorporation study committee about borough-type government, said he had informed Barcelona's committee he could not undertake a study of the feasibility of the borough plan because he is not under contract for the Orinda study.

"My conclusions," Norris stated, "are:

"1. That the borough system has been attempted only in large metropolitan areas and that it is working in only one case in the United States, New York City, where it is pretty well centralized and is probably not the sort of thing the junior chamber has in mind.

"2. I do not believe it would effect economies for this area. It would if it combined the facilities of city and county. But here, in a good deal of unused land in the area, many services would probably still be handled by the county."

COMMENTING on Norris' statement, Barcelona said yesterday:

"So far the only studies made have been centered around the large metropolitan cities. These reports are good and give an indication of the workability of the borough system for the time when our area becomes fully populated.

"In the meantime, we do not want to create the impression that when referring to the borough system we mean the New York plan or the London plan.

Rather, we have in mind something that might be suitable for our suburban area — a variation of the two-layer system providing for local control on the one hand and coordination in areawide planning on the other hand.

"Until proven otherwise, it would be logical to assume that a large area operating under one set of city departments would be more economical than six or seven communities within the same area operating with duplicating city departments and services."

BARCELON REPORTED at Monday's junior chamber meeting on conferences with staff members of the Coro Foundation, the League of California Cities and the state attorney general's office.

"It is not the junior chamber's

intention to form a committee for or against the borough plan of government, but instead to have a committee composed of persons in the area who can be of assistance in working out the many problems confronting such a report and to see that the information compiled receives adequate consideration along with the various plans now under way for separate incorporated areas," Barcelona said.

Main purpose of the advisory committee, he added, would be to secure representation from the various communities involved and to provide a means for disseminating information on the progress of the proposed study.

AS CONCEIVED by the junior chamber," Barcelona stated, "the borough plan would call for establishment of one overall city with one set of operating departments.

"Each area involved would then become a separate borough with its own borough council to handle problems of a local nature, such as zoning and community centers. Each borough would also have a representative on the overall city government council, which would decide matters pertaining to general area interest.

Advantages would include possible tax savings by having only one set of city departments and coordination among communities in the problems affecting the growth of the entire area."

Party Planned by Parenthood Group

"Family planning is an essential element of responsible parenthood," said the statement of purpose of the Planned Parenthood group sponsoring an Orinda party this evening.

The cocktail party will be held in the home of Dr. and Mrs. Woodburn K. Lamb on Oak Arbor Road, Orinda, which guests will go on to Orinda Country Club for a dutch-terrace dinner.

Dr. Lamb and Mrs. John Gompertz, both past presidents of the Planned Parenthood League of Alameda County, will answer questions about the varied program of the organization which operates a Center at 121 East 11th Street.

Among guests who have already sent in reservations to Mrs. Gompertz and her arrangements committee, are the following couples:

Messrs. and Mesdames Charles F. Bailey, C. Frederick Borden, Timothy Colvin, Victor Cranston, Fred Cranshaw, Beach Dean, Stuart Davis, Heywood C. Gathing, Joseph Lang, Gregory Harrier, Vad Jelton, W. E. Kilge, Douglas S. Marshall, James North, William E. Quent, Quentin Reynolds, Milton Selby and Robert C. Spott, Mrs. Weyand Milton, and Dr. and Mrs. Beach Dean, John Bartlett, James MacDonald, Edward S. Rogers, William B. Shepard and Paul C. Samson.

Teen-ager Causes \$800 Fire at Service Station

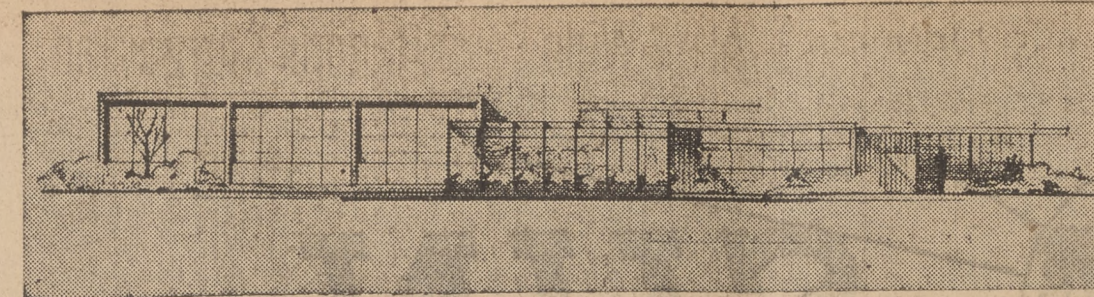

A 17-year-old girl caused about \$800 worth of damage to the Lafayette Tire Service pumps and lines May 20 when she backed her car into a pump causing what might have been a serious fire.

The car crashed into a gasoline pump at the station of Mel Nielsen, 3356 Mt. Diablo Boulevard, and sparks ignited the gasoline causing the fire to spread into the tank before it could be extinguished.

"She sheared off an inch and a half gas line," Nielsen said, "and the fire was really a beaut. Fortunately there were still about 3000 gallons in the 4000 gallon tank. If it had been down, the fumes might have exploded, and that would really have been something."

Nielsen said no charges would be filed, and that the parents had agreed to cover the damage.

Our want ads carry good news for you.

BIDS ON THE PROPOSED NEW MT. DIABLO THERAPY CENTER building on Hookston Road, Walnut Creek, were opened last week. Ground breaking is planned for June 1, with an expected completion date of November 1. The ultra-modern building will have over 5000 square feet of floor space and will include administrative offices, physical and occupational therapy units, sheltered workshop, service facilities, examination rooms and a large reception lobby.

CD Probe Meet Put Off a Week By Supervisors

The meeting of a nine member committee to probe charges against the County Civil Defense Council by the Clayton Valley Area Sub Council was postponed Tuesday from June 24 to June 21.

ACTING ON A request by Sheriff James N. Long, the Board of Supervisors made the date change because of a civil defense exercise scheduled for June 14.

The committee, to include three members each from the county council, the sub council and the board, was established by supervisors following a heated public hearing.

A request by sub council Recorder Elizabeth R. Daly that the board change its appointments to the committee was denied by supervisors.

She pointed out that Supervisors Ray S. Taylor and Ivan Goyak are also members of the county council, giving that unit a representation of five members on the committee.

HOWEVER, GOYAK replied "We certainly aren't going to change our membership on the committee. The fact that we are serving on the council does not mean we can't act impartially."

Chairman H. L. Cummings also said, "We aren't suggesting selection of their membership on the committee."

Visit to Seattle

Mr. and Mrs. Carl Meurk have been visiting in Seattle with Mrs. Meurk's parents, the Barnett Fishers. Mr. Meurk also attended the meetings of the International Conference of Naval Architects and Marine Engineers.

Catholic Women To Name Officers

Tuesday evening at 8 p.m., the Santa Maria Catholic Women's Club will hold its regular monthly meeting at the home of Mrs. Joseph Fazio, 15 Owl Hill Road, and the agenda will include election of new officers.

At 12:30 p.m. Wednesday, the officers will be installed at a luncheon at the Orinda Country Club. Mrs. George Wheeler is in charge of reservations.

Church Delegates Attend Meeting

Delegates of the Community Church in Orinda attended the 98th annual meeting of the Northern California Conference of Congregational-Christians Churches held last weekend at Santa Rosa.

Attended by 400 representatives of 104 churches in the area, the conference meeting elected an Oakland layman, John H. Fingar, as its Moderator of the coming year. Speakers included Dr. Douglas Horton of New York, minister of the General Council; Philip Widenhouse, also of New York, secretary of the pioneer American Missionary Association, and Miss Elsie Farris of Long Beach, a national missions leader.

The Rev. Mr. Morrow of Orinda was re-elected to the conference committee on ministerial standing. Other Orinda delegates were Mrs. Verna Ramsey and Mrs. James G. Hupp.

Judy Hill Named to Church Position

Judy Hill, daughter of the Rev. Charles M. Hill of Orinda, was elected vice president of the Oakland Convocation of the Episcopal Diocese of California, held last weekend at St. Paul's Church in Walnut Creek.

Approximately 200 young people attended the annual meeting of the Convocation, the Orinda contingent comprising Dawn Bottomly, Ginger Flynn, Beverly Bishop, Judy Hill, Jim Hill and Rev. Hill.

Following the meeting, a party was held at the Clifford Howard home in Walnut Creek.

Paintings of Orinda Children To Be Exhibited

Work by members of the Orinda Children's Art Center will be exhibited Wednesday, 3:30 to 7:30 p.m., at the home of Mrs. Frank W. Teasdel, 43 Virginia Drive, off Glorietta Boulevard.

All interested persons are welcome, according to the instructors, Mrs. George Clifford and Mrs. Carl Meurk.

Paintings will be hung by Mrs. Spencer Archer's committee, on which are Mesdames Ted Haver, Charles Gibbs and Wellington Ray. Mrs. James Lindsay's committee will serve tea.

LAST NIGHT A. A. Leath, instructor for the Children's Art Center classes in dance, met at the Orinda Community Church with parents of his students and showed them his teaching methods.

Parents participated in the dancing demonstration.

Mrs. Gerald Trumbly, chairman of the dance group, answered questions and discussed next year's plans.

NEXT YEAR, in addition to more classes for children, there will be classes for mothers.

Last dance class of the current year will be held June 10 at the Community Church Fellowship Hall, starting at 2:45 p.m. Anyone interested in creative dance for children may attend as a spectator.

Clipper Club to Meet Tonight

Members of Clipper Club will meet tonight at 8 p.m. at the home of Mr. and Mrs. John F. Ogden, 19 Piedmont Avenue.

An evening of fun and games is planned. Each person (not couple) is asked to bring a white elephant, wrapped, as prizes for the games.

Shipmates to Hold Progressive Dinner

The Shipmates club of Orinda Community Church will have a progressive dinner this evening, beginning at 7 with a salad course at the home of the Fred Elkintons at 11 Honey Hill Road. The group will continue from their to the home of Jean and Douglas Watkins at 170 Canon Drive for the main course.

Dinner will be served at the home of Phyllis and Doug Frame on Hillcrest Drive. There will be entertainment, games and community singing to conclude the evening.

Guild Section 3 Hears of Gardens

Section 3 of the Women's Guild met May 12 at the home of Mrs. Nancy Glass, 154 Camino Sobrante. Assisting the hostess were Mrs. G. Parnham and Mrs. Robert Baldwin. The meeting was conducted by Chairman Mrs. W. C. Branch.

In the devotional period Mrs. A. C. Ramsey spoke about her coming to the conference committee on ministerial standing. Other Orinda delegates were Mrs. Verna Ramsey and Mrs. James G. Hupp.

Program Chairman Mrs. Challiss Gore introduced the guest speaker, Andrew Gotzenberg, well known landscape architect. In a delightful informal but very informative way he told how to plan one's garden planting so as to have a succession of color throughout the year; how to plan garden walks so one can see all parts of the garden and walk upon them easily and safely; how to fight pests from aphids to gophers; how to care for roses to get a good second blooming; and how to get literature on many garden subjects from the University of California Extension Division.

Section 3 will meet on the third Wednesday in June at the home of Mrs. C. M. Fish, 104 Van Ripper, to work on toys for the Fall Bazaar.

Fathers, Kids to Enjoy Pot Luck

Thursday at 6:30 p.m. Orinda School auditorium will buzz with the chatter of fathers, sons and daughters who will gather for the Fifth Annual Fathers-Sons-Daughters Pot Luck Dinner to honor the athletic council and the traffic boys of the Orinda School District.

Sauer's recommendation, ordered installation of 40 feet of 58-by-36-inch corrugated metal pipe, with a spill box outlet, on Meadow Lane and the raising of the road grade on Meadow Lane.

Estimated cost of this job, which will be done by county forces, is \$2700.

Baby Shower Given

Mrs. Peter Sapute of 111 Sleepy Hollow Lane was honored May 14 at a baby shower given by Mrs. Lawrence Lewis at her home in Albany.

Present from Orinda, along with the honoree, were Mrs. James Trapanese of Loma Vista Drive and Mrs. Mario Massotto of Van Ripper Lane.

Orinda Visitors

Mr. and Mrs. Floyd Hildebrand of Glorietta Boulevard have been entertaining Mrs. Hildebrand's sister and mother, Miss Beatrice Blair and Mrs. E. Blair of New York City. Mrs. Blair will be visiting in Orinda for several weeks.

Go to Church Sunday Lutheran

Scientific research and study has convinced the Christian world that the Spirit of Truth testifies to the life and work of Jesus Christ, said Pastor Edward R. Andersen, who will speak on the sermon topic "The Spirit of Christ is the Spirit of Truth" at 10 o'clock.

The congregation owns four acres of land at this location for parking and the future permanent church buildings.

The younger Sunday School children have a chapel period while the older children and the adults have a class period. At 10 o'clock this procedure is reversed so the younger children can have a class period while the older children and the adults have a chapel period. In this way the whole Sunday School meets from 9:30 to 10:30. Miss Ann Sonntag and Miss Joan Andersen are organists for these services.

Mormon

The Orinda Junior Fireside Group, under the direction of leader Neil K. Holbrook, has an interesting and varied program for the ensuing months. Their programs are under the direction of Gordon Thurston, president; Jean Healey, vice president, and Marilyn Healey, secretary.

They meet the third Saturday of the month and every other month have a guest speaker and on alternate months enjoy some form of entertainment.

June 19 they will enjoy a swimming party at Orinda Park Pool.

Last month Mrs. X of Alcoholics Anonymous was guest speaker. Their next speaker will be a member of the Federal Bureau of Investigation. The program following will be a panel discussion by a Catholic, a Protestant and a Latter-Day Saint (Mormon) — all students from the University of California, where Professor Holbrook is on the

Crest View Drive Drainage Okayed

Placing of 6 inches of crusher run base and an inch and a half of plant mix and installation of drainage facilities on Crest View Drive, at an estimated cost of \$6400, was ordered by the Board of Supervisors Tuesday.

Board action was on recommendation of County Road Commissioner Victor W. Sauer. The job will be performed by county forces.

In another action, also on Sauer's recommendation, the board ordered a stop sign to be put up on Santa Lucia at its intersection with Camino Don Miguel.

Last week the board, also on Sauer's recommendation, ordered installation of 40 feet of 58-by-36-inch corrugated metal pipe, with a spill box outlet, on Meadow Lane and the raising of the road grade on Meadow Lane.

Estimated cost of this job, which will be done by county forces, is \$2700.

Baby Shower Given

Mrs. Peter Sapute of 111 Sleepy Hollow Lane was honored May 14 at a baby shower given by Mrs. Lawrence Lewis at her home in Albany.

WHAT'S DOING

George A. Bauslaugh, your Telephone Manager in Orinda

Where safety is always in style

The man inside the strange garments (at right) put them on to show you the wide variety of safety devices we use today. Of course, it isn't likely a telephone man will need all this equipment on any single job. But whatever the job, telephone men have the safety devices and techniques they need. Making safety our style pays off for you. For we think a job must be safe to be good. And only good jobs can hold the capable people needed to bring you more service, dependable service, at lowest possible cost. Pacific Telephone works to make your telephone a bigger value every day.

Save time—look up numbers before you call

You know, telephone numbers have a way of getting twisted when you rely on memory alone. So, to make sure you get right numbers the first time you call, look in the telephone book for those you're doubtful about. And to help you keep handy the numbers you call most often, we'll be glad to send you a free booklet to list them in. Get your copy by calling, writing, or dropping in at our business office.

An extra telephone is yours for just pennies a day

In any room in your home, you can have the added privacy and convenience of an extension telephone. In bedrooms or kitchen . . . in the garage or basement, extensions save you steps, save you time. And this extra service is yours for just pennies a day. We can offer this service because no additional outside wires or equipment are needed—only the telephone itself. To order your extension, just call our business office. Pacific Telephone.

Health, Welfare Workers Prepare Agency Directory

A directory of all health and welfare agencies and allied organizations in Contra Costa County is being prepared by a group of agency representatives.

The directory will be a cooperative effort on the part of the county Cancer Society, Heart Association and Public Health Association, along with the County Health Department and the Diablo Valley Girl Scout Council.

THE PLAN is to provide a list of resources—all interested groups concerned with health and welfare. Names, directors, programs and kinds of service offered by each agency or organization will be included in the directory.

Members of the committee preparing the list include Mrs. Margaret Fuller, cancer association; Mrs. Loyse Casebolt, heart association; Lloyd Frost, health association; Dr. Marion Josephi, heart association; Albert Foster, health association; Mrs. Leonard Ford and Miss Christine, Girl Scouts; and Mrs. Lillian Wurzel, county hospital.

MRS. CASEBOLT explained this week that the committee has not organized formally, but hopes that a countywide health and welfare council may be formed in the future.

Limit Upped for Teacher's Salary

The top teacher's salary in Alacanes High School District was raised to \$6600 as the Board of Trustees approved the addition of a 16th step in the classification scale Monday night.

The top classification will be open to instructors who hold a master's degree including 54 graduate units or 60 units. The board also made technical changes in the salary schedule.

In other action, trustees:

1. Joined the district to a county-wide audio-visual materials center at a cost of 50 cents per pupil for the period of a year.
2. Passed a resolution of intent to allow an easement to the Central Contra Costa Sanitary District and set a public hearing for June 15.
3. Authorized the architect to prepare plans for a music building at Alacanes and to obtain estimates for additional bleachers for both Alacanes and Las Lomas.

Doyle to Speak
Assemblyman Donald D. Doyle will address the Contra Costa Realty Mart breakfast at 8 p.m. Tuesday morning in El Nido Rancho. Regularly scheduled for Monday, the breakfast was postponed because of the Memorial Day holiday.

Sheriff Candidates Answer Questions

Heading the list of county offices at stake in the June 8 primary elections is that of sheriff.

Because the race for this post has received much attention from the public and because it is of primary importance to all voters, the SUN asked major candidates for sheriff to answer four questions on key issues in the campaign.

These questions were asked:

1. What specifically would you do to improve the county civil defense program which is under the sheriff's direction?
2. Do you think there is a need for new sheriff's sub-stations and other administrative changes?
3. What do you think should be done to stop gambling and vice now in operation and any which may occur in the future?
4. Do you think the sheriff should return civil fees and mileage to the county treasury?

Statements of those candidates who answered the questions are printed below in alphabetical order.

Harry A. Brown

1. I would replace the present assistant director of civil defense with a man who has had a maximum of civil defense training and combat military service, a man who would recognize a disaster when it occurred and had the ability to cope with the situation, a man able and willing to coordinate all civilian efforts.

2. To keep up with the tremendous growth in this county and bring the Sheriff's Department up to modern standards in law enforcement, sub-stations are definitely required. I stand in favor of sub-stations, and if elected will press for them.

Administrative changes will include qualified police officers appointed through civil service to replace officers who will retire after election — officers who were ap-

Voters Show Confidence in School Boards as Financial Measures Pass

In generally light voting last Friday, local residents exhibited confidence in school boards reelect-ing all incumbent trustees running and approving all financial measures proposed.

Heavy voting was recorded in Alamo, however, where 665 voters of a possible 1200 turned out to elect candidates endorsed by the Alamo Council for Good Schools, Edward C. Thomas, Mary S. Iverson and Robert C. Husted.

UNOPPOSED TRUSTEE candidates were Alice McBride, Alacanes High; Allen R. Crawford, Canyon; Seaver, A. Ballard, Orinda; DeWitt Krueger, Walnut Creek; John A. Sanders, Moraga; and Elizabeth W. Freeman, Lafayette.

In Ward IV of the Contra Costa Junior College District, incumbent O. J. Wohlgenuth defeated Harold Furst in a trustee race 3223 to 1675.

In a breakdown, voting was as follows (Wohlgenuth listed first): Lafayette, 635-482; Walnut Creek, 719-371; Orinda, 414-245; Alamo, 416-198; Kensington, 484-338; Canyon, 13-14; Diablo 15-5; Danville, 99-13; and San Ramon, 14-9.

Other election results were as follows (in cases where new trustee posts were filled, the person with the highest number of votes will serve for two years and the second highest, one year):

Jaycee Is Tops, Says Wohlgenuth

The Contra Costa Junior Colleges are beginning to be recognized as among the leading institutions of their kind in the country, Trustee O. J. Wohlgenuth said this week. Wohlgenuth recently returned from a University of Texas conference, where he was invited to give a principal address before representatives of all junior colleges of the state. He also acted as consultant on vocational training and community services which a junior college district can offer.

Women Planners Hear Director of Santa Clara Unit

A master plan is one of the greatest money savers for taxpayers, Director Karl Belser of the Santa Clara County Planning staff told the County Women's Planning League recently in Walnut Creek.

It is also essential to wise development of land, he said. But, he added, "the biggest thing we have done in Santa Clara County is to create a public alert."

DESCRIBING THE Santa Clara plan which includes "green belts" of protected agricultural area, he said, "Wrong planning can upset the economy into tax delinquency, resulting in foreclosures and inestimable hardship both upon individuals and upon the finances of the county."

He also called for a coordination of engineering work with that of planning commissions to result in effective operation of building and housing codes.

Chairman Mrs. Mitchell Farrar criticized the present development of shopping centers in this county as without integration with settled communities.

A SPEAKER'S BUREAU has been formed by the league, she announced. Mrs. James Hupp of Orinda is chairman and will be assisted by Mrs. F. E. Young.

Mrs. C. A. Smith has been appointed librarian and is preparing a list of planning booklets and brochures. A series of night meetings with notable speakers is scheduled to start in September.

Concert Series Artists Listed

A total of more than 20 artists, making up five separate programs, was chosen by the Alacanes Community Concert Association following the closing of its recent drive for memberships.

These artists will appear during the 1954-55 concert year.

More than 900 memberships were sold, and the program for next season promises to be one of the most versatile and interesting yet enjoyed by the association, according to Lawrence Vance, association president.

The program, which will be given during the year at the Alacanes High School auditorium and will be open to members only, are as follows:

The Men of Song, four male voices and pianist-arranger, who are hailed by critics as America's finest concert quartet.

David and Maria Lloyd, tenor and violin in joint recital.

Mata and Hari, celebrated comedy dancers with a full company.

Byron Janis, well-known young pianist.

Saramae Endich, soprano.

Area-Wide Civic Council Suggested

Formation of a Central Contra Costa Civic Council was suggested last week by J. B. McFarland, retiring president of the Pleasant Hill Civic Council.

The organization would include representatives of improvement units in Alamo, Moraga, Danville, Lafayette, Pleasant Hill, Orinda and unincorporated areas surrounding Walnut Creek and Concord.

It would work for the solution of problems common to the whole area. McFarland was one of the organizers and the first chairman of the Pleasant Hill Civic Council.

That unit, with representatives of the various improvement clubs in the area, has worked toward the solution of many Pleasant Hill problems by coordinated effort.

'Pappa Is All' To Be Produced

A veteran cast of Intimate Theater Players will present "Pappa Is All" at the Alacanes High School cafeteria June 4 and 5.

The cast directed by Leon Dinkin includes Edith Dinkin playing "Mama", Corrine Neuman playing "Emma", Leon Dinkin playing "Pappa", Orellia Salonen playing "Mrs. Yoder" and Walter Shoulavsky playing "Jake".

"Pappa Is All" was originally presented on Broadway with great success. It provided the vehicle which brought Celeste Holm to stardom. A gentle comedy, the play concerns the successful revolt of a Pennsylvania Dutch family against "Pappa." Tickets may be obtained from any member of Intimate Theatre, at the box office on performance nights or through the mail by calling MUJ-berry 2-8389.

Public Invited to First Concert on Church Organ

Offering a widely diversified program, Richard Irvan Purvis, concert organist and composer, will appear tonight at 8 in the first recital to be opened to the public on the Moller baroque organ at St. Stephen's Episcopal Church on Via Las Cruces in Orinda.

"Distinguished for his ability to design each program for the specific instrument on which it is to be played, Purvis will present works by Brahms, Schumann, Bach, Widor and Purcell, as well as several of his own compositions.

BEGINNING his career as a child prodigy, Purvis made his musical debut in San Francisco's Exposition Auditorium at the age of 13. He is the only organist ever to be awarded the Cyrus H. K. Curtis Memorial Scholarship, and after his study at the Curtis Institute, he was granted a fellow ship for European training. During his stay in England, he appeared in concert at the School of English Church Music, the British Broadcasting Company and York Minster.

On his return to the United States, he appeared as organist with the Philadelphia Symphony Orchestra, the National Broadcasting Company, and the Curtis Symphony Orchestra, at the same time touring this country extensively in concert.

PURVIS HAS BEEN LAUDED by critics from New York to San Francisco as a superb technician and a master of suspense, contrast and intensity control.

Purvis' recital on the Moller baroque is awaited with considerable anticipation in local groups, since it was at his suggestion that the organ selection committee seriously considered the Moller instrument.

THE IMPROVED "Artiste" organ, produced by M. P. Moller of Hagers-town, Maryland, has six ranks of pipes.

Purchase was made following months of research by St. Stephen's organ committee under the chairmanship of J. A. Brown. According to Eugene Poole, western representative of M. P. Moller Company, it is the first organ of its kind on the Pacific Coast.

No admission will be charged, but an offering will be taken.

FINISHING TOUCHES are applied to the Diablo Valley Lines (displayed to the public last weekend). The creation of Walnut Creek Model Railroad Society, the miniature railroad has been under construction for the past two and a half years in the society's building on Railroad Avenue, Walnut Creek. In left photo, Secretary Ed Nevins repairs a caboose and in right photo, Superintendent Frans Scholten puts an engine and tender on the tracks.

George Cory, Ann Laurenson Take Field Event Honors

George Cory, Orinda School 8th grader, and Ann Laurenson, Orinda School 5th grader, will have their names inscribed on a permanent plaque as a result of the Rotary Club Field Day Saturday.

Other special honors, the Herb Hauser Trophy, went to Don Wacks' 7th grade class at Orinda School for having entrants who compiled the greatest number of aggregate points.

THE FIELD DAY was under the direction of Rotarian Frank Isola, physical education director of the Orinda School District, and Frank Shirey, president of the Rotary Club.

Points were awarded on a 5-3-1 basis for first, second and third place. Over 400 youngsters from every school in the district turned out to make this one of the most successful field days ever held, Isola said.

"There were lots of parents to cheer the youngsters on, too," he said, "and I know everyone had a good time."

Activities started at 10 a.m. and continued until 1:30 p.m., with refreshments available for thirsty contestants and parents, courtesy of the Orinda Mothers Club.

Here are the tabulated results: Names appear in order of place:

BOYS

FOURTH GRADE: 50 yd. dash: Howard Creighton, Terry O'Connor, Gary Holtwick. Potato race: Jim Rose, Perry Mann, Tom Gaffney. Football throw, accuracy: Don Hill, Newton Hildebrand, Dick Sutcliffe. Standing broad jump: Roger Roos, Terry O'Connor, Ricky Bowles. Sack race: John Cooper, Jim Rose, Pete Fowler.

FIFTH GRADE: 50 yd. dash: Pete Vedidia, Doug Hudson, Ricky Layne. Potato race: Jasper Allara, Ricky Layne, Bill Caldwell. Football throw, accuracy: Robert Adams, Barry Howard, Roger Hoyer. Running broad jump: Ricky Layne, Ted Brock, Doug Hudson. Sack race: Carl Swanson, Jonathan Jensen, Jim Gilves.

SIXTH GRADE: 50 yd. dash: Judd Carter, Punky Geisler, Joey Moore. Basketball shooting, one minute: Milton Howe, Brian Collins, Alan Dahlstrand. Football throw, accuracy: Judd Carter, Punky Geisler, Mario Guarnieri. Running broad jump: Jeff Neighbor, Joe Moore, Judd Carter. Sack race: Charlie Blue, Punky Geisler, Judd Carter.

SEVENTH GRADE: 75 yd. dash: Dixon Farmer, Pete Olsen, Gary Lucas. Basketball shooting, one minute: Rob Antonisen, Bob Hudson, Marc Littlejohn. Football throw, accuracy: Marc Littlejohn, Ed Gullick, Phil Bartlett. Hop, step and jump: Dixon Farmer, John Coffe, Bob Hudson. Running broad jump: Dixon Farmer, Gary Lucas, Ronnie Brown.

EIGHTH GRADE: 75 yd. dash: George Cory, Tom Phair, Mike Dillio. Running broad jump: Tom Phair, George Cory, Mike Dillio. Football throw, accuracy: Bill Thurlow, Gary Bottjer, Tim Carter. High jump:

How New Phone System Works

Representatives of the Pacific Telephone and Telegraph Company are carrying on a telephone instruction program for school children in areas affected by the new dialing system which went into effect May 23.

GIRLS

FOURTH GRADE: 50 yd. dash: Ann Laurenson, Barbara Palatino, Sally Holabird. Basketball shooting, one minute: Ann Laurenson, Karen Fernsten, Sally Holabird. Sack race: Connie Cook, Darla Radtke, Cathy Cline.

SIXTH GRADE: 50 yd. dash: Jane Lowna, Susan Hightower, Michele Angelo. Softball throw, accuracy: Susan Schwatka, Michele Angelo, Nan Dame. Basketball shooting, one minute: Patty Brown, Jerilyn Gaudin, Susan Henry.

SEVENTH GRADE: 65 yd. dash: Jackie Conda, Billy Jean Clark, Susan Schrader. Basketball shooting, one minute: Victoria Adams, Joan Hoyer, Sandy Brown. Standing broad jump: Bonnie Minor, Jackie Conda, Joan Hoyer.

EIGHTH GRADE: 65 yd. dash: Sue Murray, Donna Tunnicliff, Sally Johnson. Basketball shooting, one minute: Stephanie Jensen, Penny Marsh, Abbie Sheldon. Hop, step and jump: Marilyn Bartlett, Stephanie Jensen, Donna Tunnicliff.

EAST BAY PRODUCERS' MILK COUNCIL

Horseless Carriage Tour Features Oldtime Autos

More than 40 members of the Horseless Carriage Club proved that their antique-model autos are still capable of progress by traveling to various homes in these old vintage vehicles April 25, for the different courses of a progressive dinner.

The event started with seafood cocktails at the G. C. Coffey's home on Los Arabis Drive, Lafayette, where a 1911 Locomobile and a 1913 Lozier are tenderly kept.

Next stop was for salads at the home of B. F. Becker at 3241 Rodgers Avenue, Walnut Creek, who has a 1924 Double Steamer.

The "nostalgia-inspiring" lineup proceeded to the William Smith residence on Mt. Purgus, Walnut Creek, where a 1915 Model T Ford proudly displayed its sleek outlines and where the main course of the meal was served.

THE "PARADE" went on for dessert to the home of James Williams at 644 Euclid Court, where the Williams prides-on-wheels are a 1910 Buick touring car and a 1915 Model T Ford.

Among those participating were William Norton of Redwood Road, Lafayette, with his 1918 Franklin, early Renault and 1921 Franklin, and from Walnut Creek, Clyde Hopkins, 2704 Crescent Drive, with his 1916 Jeffery, 1916 Chevrolet and 1915 Ford, and N. Daily, 2424 Buena Vista Avenue, with his 1915 Overland and 1911 Hupmobile.

Other participants were from Oakland, San Francisco, Irvington, Livermore and Redwood City, and their cars included:

A 1910 Imperial, 1918 Buick Speedsters, 1919 Oldsmobile, 1930 Chrysler, 1913 Cadillac, 1921 Daniels, 1906 Seals, 1912 Empire, 1908 and 1919 Buicks, 1913 Model T Ford, 1911 Flanders and 1915 Ford.

THE DRIVING, as well as the eating, proceeded smoothly enough, although a bit of auto trouble developed here and there. One car was reported going up a hill backward.

After the progressive dinner, James Williams said he is looking forward to going to Yosemite in his 1910 Buick on a four-day tour with the club in June.

George Cook to Head Monte Vista Improvers

The Monte Vista Improvement Association met May 19 at the home of Catherine Bennett, 64 Charles Hill Road, to elect the following officers:

President, George Cook; vice-president, George Bauslaugh; secretary, Ann Nightingale; treasurer, Alice Rasmussen, and directors Dr. Cliff Johnson, Dr. Walter Ward, Dorothy Knight, Catherine Bennett and Ed Lerch.

Speakers were Boone Robinson, chairman of the Orinda Planning Committee, and Ben Johnson, president of Altavira Estates Corp.

There are 53 families in the improvement association.

About our happy Country Folks

By EDITH BOLMAN

JUNE MAY BE THE MONTH for brides but May is certainly the time for the Orinda Union Grammar School. One evening last week the young ladies of the fifth and sixth grades switched to white blouses and crinolines, and the young gentlemen struggled into clean shirts. Then with superhuman effort they rushed Mothers and Fathers through dinner at a pace impossible for themselves in reverse circumstances and everybody arrived at Acalanes at 7 o'clock.

It was interesting to watch them all file in. Have you ever strolled under that covered walk-way at Acalanes and had to control yourself against leaping through the air to see if you could touch the ceiling? Something about it—optical illusion maybe—but as we watched the young, bouncing along like gazelles—arms held high, we thought it was just plain animal spirits, but when we walked down the aisle ourselves we really had to hang on tight not to flit through space in an old ballet arabesque routine and try the same thing.

Anyway, to quote Mrs. Hollis, prexy of the sixth grade, "the 340 future prospects for Absurdia in Suburbia" sang like angels under the direction of Sara Sableman" and some of the noteworthy doings were:

Dig this crazy program!

A trumpet trio of Johnny Coates, Charles Blue, and Jack Hughes in the National Hymn. Another trumpet group composed of Mario Guineri, Robert Adams and Jim Hunter doing the drum for the Battle Hymn of the Republic. Then dancers—a Viennese waltz by Barbara Champion, Michele Angelo, Mike Bigler and Tim Sheldon. Coyotes too—during the Lote Prairie the following coyotes bayed just like the real thing: Jud Carter, Joe Moore and Tommy Mann.

NO GOOD HAVING coyotes without a horse so the gentleman making sounds like a horse's hooves was Gary Center and he handled it very cleverly by tapping together the two halves of a coconut shell. Soloists for the Spirituals were Susan Kronke, Richard Moore, and Robin Wilson. Jeff Neighbor beat the drum for the Inca song and Kathy Brobeck rendered two impressive solos on the piano. A clarinet solo by Barry Howard and a "Hayseed" dance by Nell Neighbor, Leslie Smith and Sally Holabird.

Everybody gets into this act

The following day was May Festival. Little children with Dutch costumes joined the big boys and girls in western garb to do the customary wind-up after the individual class dances—the Hokey Pokey. But this year something new was added.

The following agile and agreeable teachers did a square dance: Miss Tighe, Mrs. Rathert, Miss Knox, Mrs. Johnson, Mr. Boyce, Mr. Hester, Mr. Wacks and Mrs. Clark. They negotiated the "inside out and the outside under" which is an involved operation whereby you make a noble effort not to atone when you should do—do. Nobody did—so everything was hunky dory and the children and parents alike were delighted at the spectacle.

AND NOW TOP-DRAWER secret having to do with the gold and silver standards. Wouldn't want to inkle you and get ourselves in trouble with the ladies of the Orinda Branch of the Children's Hospital who think they have such a dandy secret, but after all this is a chatter column and people shouldn't inkle us unless they expect us to inkle you.

Last week Mesdames Herman Eickmeyer, Lyle York, Lonnie Bee, Frank Fee Jr., Fred Borden, James McDonald, Milton Selby and Stephen Jensen foregathered at the home of Mrs. Woodburn Lamb and worked like beavers on something or other for the glorification of the Fashion Show Dinner at the El Nido Wednesday evening.

Nothing but the best, so come along

Sak's clothes, the hilarious Paul Speegle to commentate—food for your stomach, food for thought and a feast for your eyes and an orchestra thrown in.

But back to the ladies—when they emerged from Mrs. Lamb's work room they were smeared with gold and silver paint but refused to say what they were planning for the decorative scheme so you will just have to come and find out for yourself. The fashion show starts promptly at 8 p.m. so arrive at 7 in time for cocktails—dinner at 9—dancing until ???

Also in case any of you have the erroneous idea that you need a special invitation for this event please rearrange your thinking—the Orinda Branch would be charmed to have you, so call Mrs. Ernest Kahl for tickets and reservations at CLifford 4-3683.

A few tips about this and that

Recent guests of Dr. and Mrs. Woodburn Lamb—Councilor General and Mrs. Henrik Rangel of Sweden.

Any of the local gentry who are planning a trip to Hawaii and a possible journey on a surf board might do well to acquaint themselves with the vital information that you are supposed to be on top of the board and not visa versa. Kendric Morrish on his recent trip, became involved somehow—wrong end up—and emerged from the fray with a serious conk on the noggin. Alright now, though.

Clever idea of the Robert Holmes to show the uninitiated how to reach "Holme's Sweet Home" for their two session (Saturday and Sunday afternoons) housewarming. In each invitation was a cocktail napkin printed with a road map explaining all proper turns, and mentioning all possible pit falls, so you could arrive at their hill top house without too many unnecessary side trips.

SHORN OF HER BRAIDS but not her strength, one of the main "Pegs" in the recent St. Stephen's Auxiliary series of bridge luncheons was one Peg known as Bigler (Mrs. Robert) who was instrumental (we don't know how instrumental—forgot to ask—probably head of the whole business—better start getting our facts straight—much of this sort of thing and you will leave us flat and switch to that column which turns up every week on the back page—written by a comparative newcomer in the column field—a Mr. Silverman, we believe).

Anyway the parties were given for the purpose of raising money for the beautiful new organ at the church. At the home of Mrs. William Flaeger the hostesses were Mesdames George Georl, James Hendrickson, Walter Christie and Ben Johnson.

At the home of Mrs. Bruce Anderson were Mesdames Frank Brush, Robert Moorhead, Valentine Brooks, and William Shepherd. At the Church Undercroft were Mesdames T. H. Haley, Harold Doane, William Arends, and Lloyd White. At the home of Mrs. Kenneth St. Clair: Mesdames William Huston, Fred Crawshaw, James Lamberth and Julian Unruh. At the home of Mrs. John Bartlett Mesdames Arthur Johnson, Earl Hill, Charles Hill and Robert Bigler. Incidentally there will be a fine concert at St. Stephen's tonight to be given by the well known organist Dick Purvis. You are invited to attend.

Something about someone you know

If you want to check up on an old time friend turn the dial to KFRC at 9:30 a.m. for Bess Buys (Mary Dorr—Mrs. John Dorr—Orinda resident a few years back). She will be in San Francisco for several weeks broadcasting the market produce program and also the Emily Barton program. Busy bee, this one—in her present home in Philadelphia she is on T. V., radio, and gives lectures.

SHE WAS VISITED last Easter by Mr. and Mrs. R. B. Muse who also spent some time in New York—but to retrogress—just goes to show you what a woman can do if she be the kind who can do it. One evening Mr. Muse said "I am leaving for the East tomorrow". Said Mrs. Muse "Me too". So with eight inadequate hours to pack and plan, off they went.

This was Mrs. Muse's first trip to New York and this is what she did: a tour of the city by glass domed bus—United Nation's Building where you can see the skeletal structure from the inside out and visa versa because of so much glass (must be embarrassing) Statue of Liberty—Empire State Building—Columbia University—St. Patrick's and St. John the Divine Cathedrals—T.V. broadcasts where the between scene capers are just as fascinating to watch as the actual program—The Lady In Pink Tights—the lady cab drivers—and the always alluring dress shops.

Mrs. Muse is a real sight seer so she walked everywhere for fear she might miss something with the result that she saw twice as much as anyone else but has been resting her tootsies ever since.

Fine writing, but no characterization

We are in the process of being disciplined by the family who realize with horror on occasional Fridays that they "have made Mom's column". We have been forced into solemn promises to never do it again. All we have to say is that on this particular Friday we will have to buy all loose copies of THE SUN and destroy same to keep the family from seeing this yarn which is just too good to keep.

Small Daughter during a recent bout with the sniffs was bored full of holes with the Bobsey Twins she borrowed our copy of Tallulah and the Thesaurus given us by Big Daughter who couldn't stand the baffled expression we wear when we can't think of "the right word". A long, protracted silence and then "Mom! I just don't dig this crazy Thesaurus." That is all.

1890 COSTUMES will be worn by some of the members of the Orinda Community Church Women's Guild at the Guild's annual Guild luncheon Tuesday at the church. Wearing such costumes are Mrs. Robert W. Brown (left), Guild president, and Mrs. Andrew S. Hartanov (right), chairman of the event. Ferra Webber Shear, who will be guest speaker, is displaying one of her water colors of old San Francisco buildings. She will show some of these paintings at the luncheon. — SUN Photo by Mattson

Guild Luncheon Promises Fun

The Orinda Community Church Women's Guild luncheon Tuesday will be under the chairmanship of Mrs. Andrew Hartanov, who will have many members assisting her. Hostess chairman is Mrs. H. J. Stout. The luncheon committee is composed of Mesdames F. B. Hornbrook, Fred Twining, Lance Barden, M. R. Williams, M. H. Fowler and A. A. Knudson.

Mrs. W. C. Branch will arrange tables in the Social Hall and the patio of the church with helpers she will select.

Cleanup will be directed by Mrs. Alfred Johnson for the kitchen, and by Mrs. Knudson in the hall.

It may not be too late to get your ticket for this luncheon and delightful afternoon program, "Mansions of Early San Francisco" by Ferra Webber Shear and illustrated by her water color paintings of historic homes, by phoning the ticket chairman, Mrs. Donald Krotz, CL 4-2045. The delicious luncheon and the outstanding program will make this a memorable afternoon.

Proceeds are to be used in the Guild's widespread philanthropic

program. The project has been under the guidance of the General Guild president, Mrs. Robert W. Brown, and its many details worked out by Mrs. A. S. Hartanov and her committee.

The unique decorations are by Mrs. A. K. Harmon. The program was arranged for by program chairman, Mrs. John Gilmore, and will include solos by Odette Weatherbe.

Guild to Sponsor Straw Hat Show

Orindans should look forward to their night, Wednesday, June 16, when they can all attend the new musical revue, "Small World, Small Wonder," presented by the Straw Hat Theater, Inc., in Lafayette Town Hall at 8:30 p. m.

Again the Women's Guild of the Orinda Community Church is sponsoring an Orinda night, but hopes all Orindans will choose that night to see this revue and enjoy it along with their neighbors.

Tickets should be reserved as soon as possible at the Berkeley office, 2571 Shattuck Avenue, or from Mrs. Carrie Brown, Orinda 5871, or from any Guild member. Tickets at \$2 each.

GO TO CHURCH SUNDAY

Presbyterian

"The Man on Our Side" will be the message of the Rev. Carl Thomas of the Orinda-Lafayette Presbyterian Church at the 11:15 a.m. services Sunday at the Park Theater, Lafayette.

There will be music by a mixed quartet — Mrs. Vernon Frederickson, Mrs. Theodore Ockels, Haakon Johnson and Dick Leach, accompanied by Mrs. Bert Everson.

At 8 p.m. there will be a briefing session for new members, "The World Mission of the Orinda-Lafayette Presbyterian Church," in the Livingston Room of Orinda Community Church.

Wednesday evening there will be repetition of the briefing session at 7:30 and a teacher-training course at 8:30, both in the sanctuary of Orinda Community Church.

Assembly of God

The Rev. P. E. Robertson of St. Helena, will be speaking at both the 11 a.m. and 7:45 p.m. services of the Assembly of God Church.

Friendly Farms and Orchards

By CLAIRE L. JEFFREY
Phone ATLantic 4-4334

WESTLAFAYETTE

Needless to say, the Westlafayette is a complete success, and most all of our neighborhood turned out for it in mass. Jean Scott, not out of our district but a fellow columnist, deserves a gold medal for her excellent job in handling the publicity. We think that even the gophers under our front lawn were informed of the event.

Virginia Angella of Friendship Farms, who painted many of the Westlafayette posters displayed throughout Lafayette, was struck with a bad case of the flu over the weekend. Thus she was unable to enjoy the fruits of her hard work.

Dorothy and Edwin Rodman of Lafayette Orchards were in charge of the basketball throwing booth last Saturday. This popular couple had no difficulty in attracting an abundance of customers.

The big event of the day for the children was the decorated bicycle parade. Diane Wallace and Jack Silva, both 7, of Friendship Farms, were two of the prize winners.

Others from our neighborhood who rode past the judges' stand were Lynn Johnson, David Horne, Kenneth Horne, Diane Maynes, Mark Middlekauff, and Joey Valdez. These children were all fine examples of sportsmanship. The energy that each one of them put into his project could be a lesson to many of us adults who are inclined to say "what's the use," about so many incidents in our lives.

WELCOME, FRIENDS
A special welcome is extended to our new neighbors on Orchard Valley Lane. Beth and Al Brown. They previously lived in San Francisco and have two daughters, Becky, two and Terry, five months. Mr. Brown is employed by the Remington Rand Company in San Francisco.

UP AND GONE
Mrs. Maynard Colliander and Mrs. Lawrence Walsh were honored at a luncheon given by Mrs. Milton Zimmerman of Almanor Lane last week. Mrs. Colliander and her family have sold their home and are moving to Menlo Park. The Walshes are moving to a larger house on Mariposa Road in Lafayette.

Those attending the farewell luncheon were Mesdames Walter Reed, Mike Mazalka, Von Wing, Frances Oliveira, Richard McDermed and Mervin Ortiz.

A LITTLE OLDER
Three birthdays were celebrated Saturday night at a party given by Carole and Dean Campbell of Orchard Valley Lane. The guests participated in a record cutting session honoring Carole, Gerry Maynes and Ben Carter. Dancing and refreshments completed the festivities. Carole was presented with a silver dollar which was minted the year of her birth and was polished to a high shine.

Others attending were Messrs. and Mesdames Melvin Carbone, Quinn Spotts, Ellis Horne and Robert Jeffrey. Sally Carter and Bud Maynes were also present to honor their spouses.

HERE AND THERE
Ruth and Clifford Wallace of Friendship Farms attended the informal veteran's dance at the Lafayette Veterans Memorial Building last Saturday evening. Lonnie and Connie Osgood, children of Mr. and Mrs. Lloyd Osgood, are having a bout with the measles at this writing.

Veterans Memorial Building, Lafayette. Sunday, Rev. Robertson has traveled extensively in evangelistic work and has ministered in many of our Institutions of Correction. He will be speaking on his prison work and delinquency.

A most cordial invitation is extended to the public to hear these messages, said Rev. Paul H. Ralstin, pastor.

Community

Sunday will be Memorial Day. The Lafayette Community Methodist Church will have a special service. The sermon at both the 8:30 and the 11 a.m. services will be in the form of a question "Do You Really Want Peace?"

The Sunday School teachers and officers will be recognized and the church officials for the coming year will be installed.

The pastors are Rev. Harry E. Shaner and Bishop George A. Miller.

At 7 p.m. the M.Y.F. will meet under the direction of David Wolf, to elect officers for the coming year. Bob Roberts is president this year.

Appeal for Plane Spotters Issued By Observers

By LARENE BLUMENFELD
Isabelle Salisbury, of 3231 Camino Colorado, has been called upon to act as an assistant to Mrs. Donn Court, Ground Observer Corps post supervisor.

I learned from Mrs. Salisbury that there is an urgent need for volunteers to man the new post. And the volunteers so far have been few and far between.

NOW THIS SOUNDS like a disgraceful and stupid state of affairs. Anyone who does not realize the grave necessity for complete and conscientious civilian participation in defense:

1. does not keep abreast of current events, or;
2. does not believe the United States has any enemies who would dare attack, or;
3. does not care what happens to our country.

If any of us falls into one of these categories, we're both stupid and a disgrace.

HOW MANY OF US couldn't give up watching television or going to a movie or window shopping to devote a little time to the worthy cause of civilian defense?

I am appealing mostly to housewives but men are certainly not excluded. Most men work five days a week and most have military experience which would make plane spotting training that much easier.

The observer post needs volunteers now. It will need them tomorrow, next week and next month. But mostly—it needs people NOW! A 24-hour watch must be kept. To start with, people will be needed from a one to four hour a week basis. After the post has enough volunteers, this time may be cut down to one to four hours a month.

IF YOU FEEL you have the time to serve—any time during the 24-hour day—contact Isabelle Salisbury at ATLantic 3-2691.

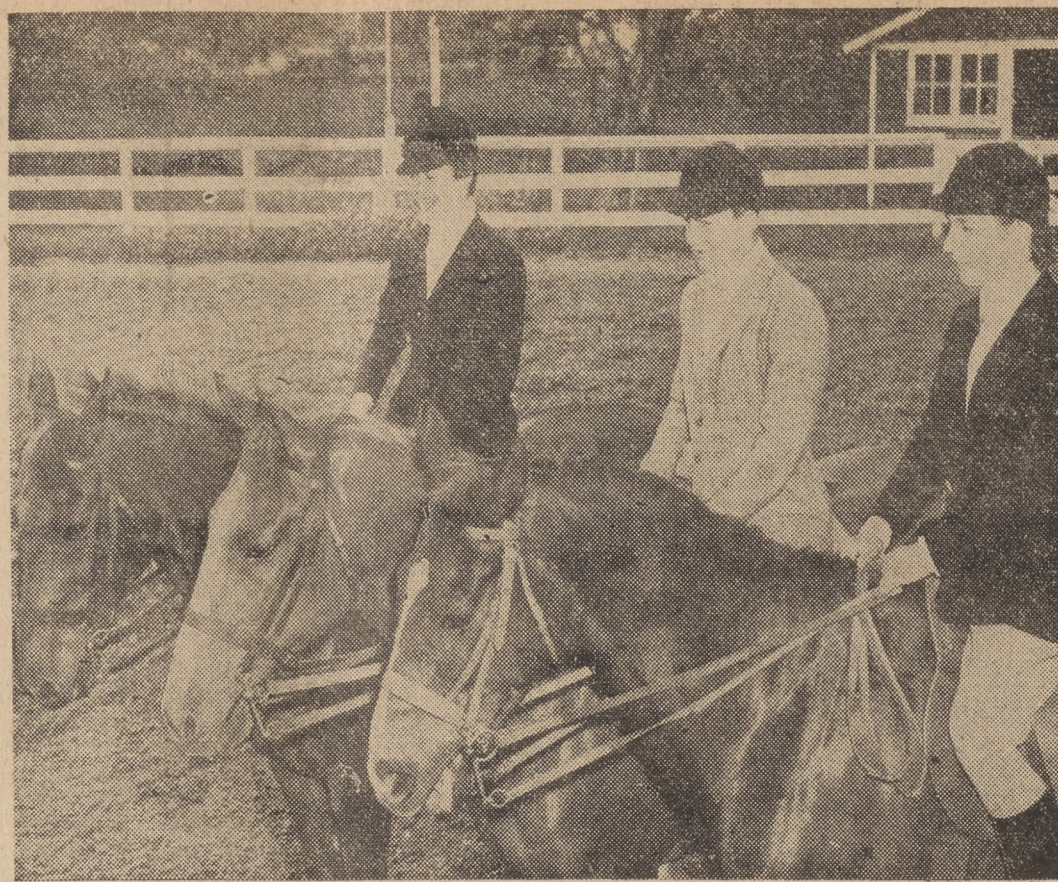

She is particularly anxious to have St. Mary's Orchard well represented. In the few days she has held the post, six people from here have volunteered: Al Berney, Herb Hudson, Elaine MacPhail, Lou Comstock, Bernice Jones and (I believe in active crusaders) Larry Blumenfeld.

DO YOU RECALL this slogan popular in the years following 1941—"Remember Pearl Harbor?" Perhaps if there had been a Ground Observer Corps in those days, we might not have had a "Pearl Harbor."

And perhaps someday this organization will help prevent a "Remember San Francisco" slogan.

JUST GIVE A CALL!
Don't forget the important primary election June 8. If you lack transportation or need a baby sitter, regardless of your political affiliation, call us at AT 4-4334.

Shop at home — it pays!

THESE JUNIOR HORSEMEN, the Diablo Valley Team, took third place in the Olympic Competition of the Sixth Annual Spring Hunter Trials of the Concord-Mt. Diablo Trail Ride Association and Mt. Diablo Therapy Center a recent weekend. They are Linda Nelle and Rick Kraemer of Walnut Creek and Linda Englehart of Clayton.

Hundreds Attend Westlaval To Participate in Fun

Hundreds of parents and youngsters, the latter of all ages from toddlers through teenagers, thronged happily to the Westlaval Saturday at Lafayette School.

There they visited cake booths, hamburger stands, saw the fish bowl and said hello to the gooney bird.

The whole affair started out with a bicycle parade at 11:30 a.m., and wound up late in the afternoon with tired but happy children trudging home with prizes.

ALTHOUGH NO OFFICIAL count is available yet on proceeds, funds raised will go for the purchase of needed equipment not provided for in school budgets.

Prize for the best decorated food booth went to the May Pole Cake Booth of which Virginia Newman and Audrey Darmstadt were in charge.

"Miss Amantha's Gift Shop," featuring home craft articles, received the prize for the best room under the direction of Fran Myers, chairman.

THE FISH BOWL booth, under the direction of Eleanor Manning, was an exciting place with approximately 170 live goldfish being carted

off by happy youngsters. At least, it is reported, the goldfish were alive when they left with the children.

Dorothy Firby's game booth, "Beppo the Clown," received the prize for the best decorated booth in its division.

And of course there were the usual attractions. Two large and sad-eyed Saint Bernards carted youngsters about the grounds and clowns cavorted over the area.

A FIRE ENGINE and ponies were available for rides, and there was plenty of food of all imaginable varieties.

The following children won prizes in the bicycle parade, which started the Westlaval moving:

First Division, kindergarten, first and second grades: Ronda Kaufman, first prize; Susan Jane Thomas, second prize; honorable mention to Marilyn Simpson, Sarah Lippold, Keith Harrigan, Marilee Harrigan and Carol Lee Dorsey.

SECOND DIVISION, third and fourth grades: first, John Gilmore; second, Susan Birch; honorable mention, Nancy Butler, Laurie Fox and Linda Kaufman.

Third Division, fifth and sixth

Covenant

Youth meeting at the Lafayette Covenant Church will be at 6 p.m. Sunday followed by a light supper and the evening service at 7. Rev. G. Raymond White will speak on "The Holy Spirit and the Believer." At the 11 a.m. worship he will continue the series "Christian Word Power: Adoption".

Lutheran

"His Thrilling Program" is the theme of Pastor Merle O. Tollefson's sermon to be preached at Our Savior's Lutheran Church, 1035 Carol Lane, Lafayette, Sunday.

Beginning Sunday, two worship services, one at 8 a.m. and one at 11 a.m., will be offered. Supervised nursery care for the little ones is provided during the 11 a.m. service. Sunday School for all ages from 3 and up, including an adult Bible Class, is offered at 9:30 a.m. Sunday School will continue at the same hour throughout the summer.

Thursday mornings at 10 a.m., Pastor Tollefson leads a Bible Study on the Book of Romans. All women are welcome.

grades: first, Linda Swanson; second, Stephanie Hancock; honorable mention, Shirley Stengel, Danna Wallace, Jane Hamon, Albert Ferreira and Cecile Caswell.

Walgren Tells Education Group of Children's Needs

The Citizens' Education Committee met May 19 to hear Stanley Walgren, Principal of Acalanes High School, whose topic was "A Yardstick For Schools."

Walgren, after being introduced by Fred Knobel, spoke on the high school program, stating that 75 per cent of Acalanes students go on to college, and at present there are 144 at University of California, 51 at Stanford, and approximately 50 at each of the other local colleges.

He discussed the curriculum at the high school, which is geared to college preparatory, though vocational training is also offered.

Walgren, having been in the field of teaching and school administration for the past 15 years, stated, "One of the best ways parents can help their children's education is to teach them respect for their elders and respect for property."

HE ALSO SAID THAT, whereas throughout the nation an average of 30 per cent of the students do not finish high school, at Acalanes only 2 per cent do not finish. A counseling service is offered at the school, which enables a counselor to follow through the entire four years with each student, guiding him and helping him achieve his goal.

Following Walgren's talk, Robert Suzak presented the by-laws, which were passed, having been worked on by Campbell MacPhail and Suzak. Mrs. Tussing then reported on the results of the questionnaire which had been sent to all members. Heading the list of suggested topics for the committee to study were Curriculum and Discipline.

A more detailed questionnaire will be devised by the program committee to be sent out during the next month to a broader section of the parents whose children are in school.

BEN HARRIS, curriculum director, reported on the newly-formed committee on discipline to which Mrs. Jim Shierry and Mrs. Buffington go as representatives of the Citizens' Committee. Harris stated that the committee's hope is to set up guide lines and district wide policies for teachers and principals in an attempt to give the framework of the policies general shape, and to get a complete picture of the lines to take for discipline, cooperating with the Citizens' Committee.

J. J. Pangburn was elected treasurer and according to the by-laws will collect the annual dues of \$1 at the next meeting, which will be held the third Wednesday in June.

PATTER ON THE PARTY LINE

By PATRICIA JELTON

IF YOU LIVE ANYWHERE NEAR our neighborhood, you've probably heard that we have been raising French poodles—for a friend, that is—friend being lady poodle direct from Paris who is at present making her home in Eureka.

Well, Eureka not being exactly a poodle town, ma poodle shipped her brood of nine to our more sophisticated environs. With the assistance of Mrs. Joseph Murphy who runs the Orinda boarding house where the sire, Black Pirate, hangs his collar, and the most productive classified section of THE SUN, most of the family have been well placed in carefully inspected homes, despite our almost uncontrollable urge to hang onto the entire lot.

And through this period of immediate interest, we have acquired detailed information on peculiarities of breed. Most particular trait impressing us, the "Poodle Personality," characterized by overwhelming desire to please.

Well, we don't know how you all feel about reincarnation and things like that there, but if there is any possibility of such, we would give odds to there being a poodle in our pedigree. We even go the poodle one better. We not only want to please the master, we want to please everybody—all the time.

Have a Heart, we aim to please

Consequently we were very much distressed when we received word from the front office of complaint from lady customer to the effect that our journalistic efforts too flip.

Listen kids, we gotta be flip—to cover inadequacies as to (a), content, (b), style, (c), accuracy (oh, brother), (d), spelling, (e), punctuation, and on and on.

We have no further aspirations to do "great things." Only to pile up the continually necessary scratch for the Children's Hospital, and to spread the weekly word around to lighten the load of the friendly Pacific T. and T. on the Party Line.

Now chums, if you got a beef, please kindly tell us. Don't squeal to the boss. We've spent years selling him on the idea that we're practically perfect.

To get down to the business of what we're being paid for, you could certainly tell that the art contingent had taken over our end of the county over the week-end. Even the road signs pointing to the Reliez Valley home of the Aylwin Proberts where Gumps were sustaining the "Good Taste Costa No More" theory to benefit the Outdoor Art Association, were done in brilliant vermilion on bottle green.

Once there and welcomed with an "on the house" tidily of champagne, you were transported into another world in which the artistic folk achieved complete harmony between the Oriental wares set off against the cleverly camouflaged Colonial backgrounds.

Despite revelry, all hearts with general chairman, Mrs. Quentin Reynolds, unable to be present because of death of her mother.

Mrs. Thomas Tryon figuratively fingering her gat on hip as she stood guard over the jade room.

We were quite impressed over obvious impression we were making on two stalwart young men as we covetously eyed an exquisite emerald soup bowl listed at six thousand clams, until discovered their presence under auspices of F.B.I.

A real wing-ding from word go

Under the trees in the garden, Bev Anderson dream-like in little girl dress of white eyelet embroidery, Ann Sawyer in hand-woven white cotton overlaid with multiple rows of red rick rac brought from Santa Fe, LuRene Mattson entrancing in sari from India, Helen Brattain in dashing original creation from, oh, no, Bill Simpson's drapery snop.

Looking enchanting as they went about hostess duties, Melba Confer, Irene Wilkinson, Ruth Howard, Barbara Vendt, among others.

MRS. FRANCIS POWERS so pleased with enthusiastic balloting by gentleman guests in the floral exhibit rooms. Results—in Victorian group, Mrs. Jack Terman and Eloise Rowland, for Walnut Branch of Children's Hospital; Oriental, Mrs. George Merriam of Lombardy Branch; Musical, Vonn Scheu of Orinda Branch. Honorable mention went to Mrs. Norman Gibson, Flamingo Unit of Therapy Center; Mrs. Phil Simmons of Linnet; and Mrs. A. C. Phelps of Heidi Branch of Children's Home.

Interest sidetracked Mrs. Lee Seagrath attempting to explain intricacies of flower arranging to enthralled husbands.

Fashion show emceed'd by Joe Picone musically accompanied by Fred Udall, beautifully staged around the pool, Irene Nelson's Oriental dances mouth watering, in fact, evening couldn't have been more successful.

And visitors from far away . . .

Unusual and delightful incentive for country entertaining Ann and Susan Cool, visitors from England. Daughters of the Dennis Coombs of Brook Farm, Silchester, Hampshire, their mother is the former Annette Dodge whose brother, Nathaniel Dodge, Jr. well known Orindan.

They were entertained by their aunt, Mrs. Dodge, with a family party, a formal tea, and an al fresco party at the Dodge ranch in Healdsburg, as well as a party in their honor by Mrs. Ken Morrish before her departure for the Islands.

THE WILLIAM FLEAGERS are hosting a swimming party on Sunday.

They were escorted to the Maypole dance at Orinda Country Club by Smith Anderson and Tom Morrish.

They will return home on the Queen Mary July 7 for presentation at court.

Mr. and Mrs. Peter Ley (Jeanne St. Hill) with very small daughter Sheridan Jeanne, at home for the summer months at the Tunnel Road estate of her parents, the Thomas Nast St. Hills, who with Peter and Linda will leave at the end of school to pick up a new car in Michigan, then go to Andover for a reunion of Tom's class. Tom's grandfather, incidentally, Thomas Nast, the famous political cartoonist of Lincoln's day. Then on through Maine where son Pete will junior counsel at his father's boyhood camp, Pine Island on Lake Belgrade. Then on to New York, Washington, D. C., and Williamsburg.

In meantime, Pete and Jennie will have selected site for new home locally.

Localite golfers, the Bill McNeivins, Bob Hoyts, Shirley Jurs, Hi Henning, Frank Brunks, Perry Thomas, Jay Bedgeworths, (Jay distinguishing himself both on the course and at ledgermain), still raving about Monterey Peninsula Invitational, climaxed with fabulous party at Francis Brown's Hawaiian style home where the view encompasses both Carmel and Monterey Bays, and orchids are plucked at will.

Youngsters coming up in the world

Two justly proud local families, the Arvis Johnsons of Walnut Creek, whose Acalanes graduating son Richard just received the Alfred P. Sloan scholarship to Massachusetts Institute of Technology, and the George Eberharts of Orinda, whose son Robert has been awarded a Harvard freshman scholarship.

Newlyweds in Walnut Creek, George and Beverly Ewald formerly of San Leandro.

Twice told truth that of Shirley Fay Daniels to George Barrows Hager, first at brunch at Norman Cunningham's, then at cocktails and supper at home of bride's parents, the Winfield Daniels—all this in Orinda.

Mrs. Gertrude Walker back from interesting stay in east, met with literary group in Woodstock, New York, and Darien, Conn., and dined with the very Reverend Brother Plus, Provincial of Damian Order of England, here on a special mission, before she left New York.

LOCAL COCKTAIL GATHERINGS before last week-end's Twenty-Third Assembly's Night at the Royal Diablo Country Club dinner dance artistically engineered by Sally (Mrs. Emerson) Wiser, the Robert Angell's and William Seifers in Orinda, the Jack Campbells and John Wiest, Jr. in Lafayette, and Burton Braces at Danville.

Watch for another "Big Show," benefit production for Walnut Creek U. S. O. to be arranged by president Lyman Stoddard Jr., which will present the best in professional and amateur talent including Orinda's genius boy trumpeter, Mario Guarnieri.

Little known fact, Mrs. Guarnieri is a talented musician, too.

Spring Carnival to Be Held at ECCJC

Spring may mean flowers to the poets, but to East Contra Costa Junior College students it means the Annual Spring Carnival, timed for tonight on the campus.

The public is invited to participate in the sprightly affair by which

funds are more or less painlessly raised to support the activities of 15 campus clubs. The carnival will center in and around Building 12 from 8 p.m. to midnight. One climax will be the coronation of a King and Queen at 10:30 p.m.

New Officers At Helm of Diablo BPW

Officers for the Mt. Diablo Business and Professional Women's Club, recently installed at a dinner-dance at Orinda Willows, are:

Claire O'Neal, president; Alice Sterick, president-elect; N. di de Pond, treasurer; Rhoda Owen, recording secretary; Maude Wagner, (retiring president,) parliamentary.

Installing officer was Margaret Gunderson, treasurer of the Bay Valley District.

Principal speakers were Inez Miller, past president of Bay Valley District, and Lily Budde, state official of the woman's organization.

Beverly Bassett, Fred Boyajan Wed in Orinda

Beverly Jean Bassett and Fred Boyajan were married May 15 at 3:45 p.m. in Orinda's charming little Santa Maria Catholic Church, nestled among the hills of the Orinda Country Club.

A reception followed the ceremony at the home of the bride's parents, Dr. and Mrs. Raymond Smith Bassett, 1242 Upper Happy Valley Road, Lafayette.

THE BRIDE WORE a bridal gown and veil of imported white eyelet with a moulded bodice and motifs of eyelet forming a portrait neckline. The short-sleeved gown had an extremely bouffant skirt with six tiers of the crisp eyelet over nylon net and white taffeta, floor length.

Her veil was attached to a half cap of the same white eyelet material. She carried a white old-fashioned bouquet with daisies.

Maid of honor was Miss Annette Garin and bridesmaid was Patricia Rawles. They wore pale blue or-gandy, with fitted bodice, full skirts, portrait necklines and short sleeves, all set off by daisy bouquets and head pieces.

BEST MAN WAS Jack Moffitt and ushers were Dale Hammer, Harold De Julio, Jack Regan and Jack McNight. Services were performed by Father David Harrington. The bride was given in marriage by her father.

The groom's parents are Charles Boyajan of Oakland and the late Mary Boyajan. He has a sister, Mrs. Marion Boyajan.

The groom attended the University of California and the bride Mills College. The groom was affiliated with Phi Sigma Epsilon. They will make their home in Oakland following a Palm Springs vacation.

SHIRLEY DANIELS, daughter of Mr. and Mrs. Winfield J. Daniels of Richard Drive, Orinda, has announced her engagement to George Barrows Hager, son of Mr. and Mrs. Gerald Hanna Hager of Berkeley. Her Pekinese pet dog adds its congratulations to the many from relatives and friends.

— Hal Matson Photo

Shirley Daniels, George Hager Announce Troth

Miss Shirley Daniels, daughter of the Winfield J. Daniels of Richard Drive, Orinda, announced her engagement to George Barrows Hager, son of the Gerald Hanna Hager of Berkeley, at two parties last Sunday.

The first, a brunch affair at the home of Mr. and Mrs. Norman H. Cunningham, on Overhill Road in Orinda, was a family party. More than 40 family members received the surprise news, announced by "headlines" on a newspaper read aloud by General David P. Barrows, George's grandfather.

AT 5 O'CLOCK Sunday Shirley revealed the happy tidings to another group at a "Bon Voyage" party, in honor of four of her close friends, the Misses Dayna Hutchins, Beverly Beckerleg, Sandy Irwin, and Virginia McEneaney. Miss McEneaney leaves soon for a European jaunt, and the other three will travel to the Hawaiian Islands. Miss Irwin on a honeymoon trip following her marriage in June to Don Putnam.

Shirley attended Acalanes High School, College of Pacific, and the University of California, where she was a member of Delta Gamma sorority. She has one sister, Marilyn, a student at the Orinda School.

GEORGE IS A junior at Cal and a Zeta Psi. One of his sisters, Julie, returned recently from a two-year stay in Paris, France, and the other, Mary, became Mrs. Richard P. Hafner Jr. April 24.

The couple has no definite wedding plans, but probably will be married when George completes his college training.

WEDDING SERVICES were held at Santa Maria Catholic Church in Orinda for Beverly Jean Bassett and Fred Boyajan May 15. A reception followed at the home of the bride's parents, Dr. and Mrs. Raymond Smith Bassett of Upper Happy Valley Road, Lafayette. Following a honeymoon in Palm Springs, the newlyweds will make their home in Oakland.

— Photo by du Charme Studio

NOW HONEYMOONING at Lake Tahoe are justweds Corporal and Mrs. Melvin R. Reynolds (Margaret Miller). She is the daughter of the Rev. and Mrs. Ray S. Miller of Walnut Creek and he is the son of Mr. and Mrs. L. A. Reynolds of Porterville.

— Ted Gurney Photo

Home Groups to Hold Final Meet At Castlewood

Contra Costa Home Departments close the 1953-54 season with a luncheon next Friday at noon at the Castlewood Country Club (the Old Hearst Ranch) near Pleasanton.

Reservations with money (\$2 per plate) must be made with chairmen of individual groups by Tuesday.

County Chairman Mrs. George W. Fox, has called a meeting for 11 a.m. of the county committee. Mrs. Mary R. Williams, county advisor, will outline plans for the autumn.

Secretary Dorothy Lewis will install the following officers for the county committee: Mrs. George W. Fox, chairman; Mrs. Harry Hobbs, vice-chairman; Mrs. Paul Somers, treasurer, and Mrs. D. V. Killingsworth, secretary.

Mrs. Alice Holt of St. Helena, state vice-chairman of Home Departments, will be the speaker.

Margaret Miller Wed Here

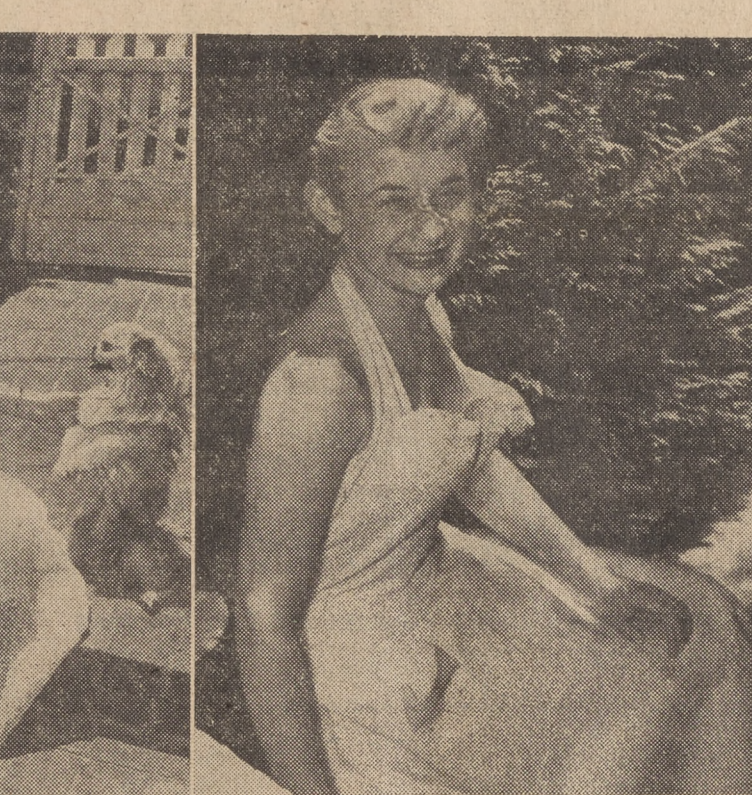

Now honeymooning at Lake Tahoe are the newly married Corporal and Mrs. Melvin R. Reynolds (Margaret Miller).

They were married at the Pleasant Hill Community Church of the Nazarene in a double-ring ceremony lead by the bride's father, the Rev. Ray S. Miller, and the Rev. C. E. Mallory of San Bruno, both former pastors there.

MARGARET WORE a satin gown with fitted bodice, long sleeves and a train. The net yoke of her dress was studded with sequins and a fingertip veil flowed from a sequined lace crown. A single lilac orchid surrounded with Stephanotis was her bouquet.

Margaret's sister, Mrs. Marilyn Crofford of Antioch, was matron of honor while a sister of the groom, Lena Mae Reynolds, was bridesmaid.

Karen Reynolds, 3, a niece of the benedict, and Cheryl Crofford, 2, a niece of the bride, were flower girls while Karen Reynolds, 10, a sister of Margaret's, was junior bridesmaid.

ROBIN HOOPER, daughter of Mr. and Mrs. Gordon Hooper of 15 El Sereno Drive, Orinda, will be married July 4 to George Phillips, also of Orinda, who makes his home with Mrs. Mary Summers of 2 Los Altos Drive. An Acalanes graduate of 1952, Robin works at the American Trust Company, Orinda.

— Ted Gurney Photo

440 Attend Art Show Event 'Carousel' Will Benefit Herrick

Some 440 persons attended the "Good Taste Costs No More" event of the Outdoor Art Shows Saturday evening and Sunday at the home of Mr. and Mrs. Aylwin Probert in Reliez Valley.

Included were floral arrangements, entertainment, a fashion show, lectures, displays of home furnishings, art treasures and a gun collection.

CHAMPAGNE and hors d'oeuvres were served Saturday night and the Walnut Creek Lions Club Quartet entertained during a fashion show, where Josef Piconi was commentator.

Models displayed desert fashions assembled by Mrs. Dorothy Moore Brown and handwoven ensembles by Susan Sampbell, Velma Glasson, Jean Evers and Susie Warren.

Irene Nelyson, soloist for Mo-Li-La Ladies Oriental Shrine of Oakland, presented an oriental dance and a representative of Gump's spoke on "Good Taste Costs No More."

Madame Chiura Obata spoke Sunday on floral arrangements and the fashion show and entertainment were presented for a second time. In addition, Carol Green Wilson spoke on "Jade Hunting for Gump's."

PRIZES OF \$10 each were presented for floral arrangements in three divisions on the basis of popularity vote.

Winners were Lombardy Branch of the Children's Hospital; by Mrs. George Merriam, Oriental; Walnut Branch of the Children's Hospital; by Mrs. Jack Turman and Eloise Rowlands, Victorian; and Orinda Branch, by Mrs. Arthur Schew, musical.

A special award of a portrait by Royden Martin was made available to Mrs. Percy H. Jennings of Springhill Road, Lafayette.

Local Women Feted At Sorority Dinner

Mrs. Victor Kingston of Orinda and Mrs. John Whitman of Walnut Creek will be among those receiving the Exemplar degree at a formal dinner given by Xi Lambda chapter of Beta Sigma Phi sorority Wednesday at the Berkeley Women's City Club.

Among new committee chairmen to be installed will be Mrs. Richard Leland of Orinda who will assist with the telephone committee.

Xi Lambda chapter has just completed a very successful year during which it donated \$100 to the California School for the Deaf to be used for welfare and \$25 to the cancer research project at the University of Colorado, sponsored by Beta Sigma Phi International.

Helping to make the benefit evening a success, a beautiful custom-designed cocktail dress will be given away. The gown is the original design of Inga-Britt Ringrose, Arch of Diamonds member and until recently a professional designer and manufacturer of individual and exclusive fashions.

Hospital Unit Enjoys Bridge

A bridge dessert was held by the Concord Hospital Auxiliary recently at the home of Mrs. W. E. Pomeroy, 61 Watkins Lane, Walnut Creek.

High scores in bridge and canasta were made by Mesdames R. I. Davies, N. J. Summers and W. G. Blackwell.

Plans for a July Swimming party and an August dinner party will be discussed at a business meeting at 1:30 p.m. Tuesday in the Concord Community Hospital Board Room.

Adoption Auxiliary Elects Officers

At the May meeting of the Contra Costa County Adoption Auxiliary, held at the home of President Mrs. Paul Pratt, Walnut Creek, the following slate of officers was elected:

President, Mrs. Foster Davis, Concord; vice president, Mrs. Donald Fish, Lafayette; recording secretary, Mrs. George Pence, Lafayette; treasurer, Mrs. Robert Jones, Walnut Creek and corresponding secretary, Mrs. Jack Marchant, Walnut Creek.

GUEST SPEAKER, Mrs. Pat Galpin of the Contra Costa County Adoption Unit, was introduced by Miss Muriel Nelson, supervisor of the unit. Mrs. Galpin's talk was entitled "How a Difficult Child is Prepared for Adoptive Placement."

She listed the steps necessary before the unit feels that an older child is ready for adoption as the more obvious ones of medical and

dental clearance, and some knowledge of what the child is like and why, and the more subtle points, including some assurance that the child can live with and profit by family relationships; reasonable assurance that he has learned to accept separation from his natural family; help in looking forward to and wanting a permanent home, and assisting the child to realize his responsibility toward making the necessary adjustments.

A GENERAL discussion followed. The next meeting of the Adoption Auxiliary will be held at 10 a.m. Wednesday at the home of Mrs. Donald Fish on Springhill Road, Lafayette. The new officers will be installed.

Interested persons desiring information concerning adoption may address inquiries to Adoption Question and Answer Service, Box 44, Lafayette.

Margaret Gray To Be Awarded AAUW Grant

The Daisy R. Marchant Memorial Scholarship for 1954-55, given by the Walnut Creek Branch of the American Association of University Women, will be awarded to Miss Margaret "Peggy" Gray. The amount to be awarded is \$200.00.

The scholarship committee consisting of Mrs. Darrell G. Jensen, chairman; Mrs. John S. Hopkins, Miss Vera Richardson, Miss Ruth Turner and Mrs. Doris C. Yeager, received nine applications and after careful consideration, chose Peggy.

A RESIDENT of Walnut Creek, 220 Summit Road, Peggy attended Walnut Creek Grammar School from the first grade; she graduated from Acalanes High School in 1951, then attended the California College of Arts and Crafts from September, 1951, to the present when she is ending her junior year.

Peggy has been president of the junior class, secretary of Delta Phi Delta, served on Student Body Committees and has exhibited her art work in the student union on the campus. She plans a teaching career in art. Her major is fine arts and painting.

Peggy has worked part time at the college and during the summer vacations to finance her education. The daughter of Mr. and Mrs. James E. Gray, Peggy has a sister, Barbara, graduating from Acalanes this year and a brother, Jimmy, age 6.

OTHER SCHOLARSHIPS and awards received previously by Peggy are: California College of Arts and Crafts scholarship; Orinda Mothers Club scholarship; Bank of America "Achievement" Award in high school; three gold keys and two certificates of merit in scholastic art competition in high school. Her work has been shown locally at the Diablo Art Association shows.

This scholarship was established in 1953 by the Walnut Creek branch of AAUW in honor of Mrs. Daisy R. Marchant who passed away early in 1952. She was a charter member of the Walnut Creek branch and was active in its organization.

She was interested and active in art and she exhibited her work at the Diablo Art Association in Walnut Creek. Her daughter, Mrs. Bruce Burchard and daughter-in-law, Mrs. John P. Marchant are both members of the Walnut Creek branch of AAUW.

WAS VOTED to present a \$2,000 check to the center to be used in operational maintenance and also a check in the amount of \$500 to the building fund.

Three new members were voted into Linnet Auxiliary, they are Mrs. Ernest Hollman of Alameda Court, Concord; Mrs. Frederick Confer of Pleasant Hill Road, Martinez, and Mrs. Donald Cameron Allen of Tigland Road, Lafayette.

Plans for moving from the present location to new and larger quarters for the Thrift Shop were discussed. Planned for July 1 the shop will at that time open in a building on East Street near the Walnut Creek Branch Library.

Included in the show are paintings of Mrs. Frank J. Collum; Karen and Stevie Daniels, children of Dr. Don Daniels, and their mother, Mrs. Don Daniels; Mrs. Joseph B. Bardner; Miss Gay Richardson, manager; Miss Norma Weldon, daughter of Mr. and Mrs. George H. Weldon; Mr. Frank Ulbrich and daughter Janie, all of Walnut Creek; Kim and Tommie Allinson, daughters of Mr. and Mrs. Thomas Allinson of Pleasant Hill; C. R. C. Jarrett of Concord; Judy Colvin, daughter of Mr. and Mrs. John H. Colvin of Lafayette; Diana Swayne, daughter of Mr. and Mrs. Lloyd Swayne Jr. of Lafayette; Mrs. Cecil E. Cantrell of Orinda; Mrs. Martin Holt of Oakland; Mrs. Ulbrich's "Portrait of a Little Girl" and her self portrait.

Mrs. Ulbrich is a native of Nashville, Tenn., and attended junior college and Walker Art Institute in that city. The artist's work has been exhibited at the 1951-52 Los Angeles County Fair, the 1953 Contra Costa County Fair art exhibit, where she was awarded first prize and the popular selection award for oil portrait, the 1953 Walnut Festival in Walnut Creek and the 1954 Artists' Market annual art show in Lafayette.

Portraits of Local People To Be Displayed in W. C.

Artist Margaret Ulbrich of Walnut Creek, who has received 330 portrait commissions since January, 1953, will be given a one-man show by Robert Sawyer June 9 through 16 in the Broadway Shopping Center of Walnut Creek.

Included in the show are paintings of Mrs. Frank J. Collum; Karen and Stevie Daniels, children of Dr. Don Daniels, and their mother, Mrs. Don Daniels; Mrs. Joseph B. Bardner; Miss Gay Richardson, manager; Miss Norma Weldon, daughter of Mr. and Mrs. George H. Weldon; Mr. Frank Ulbrich and daughter Janie, all of Walnut Creek; Kim and Tommie Allinson, daughters of Mr. and Mrs. Thomas Allinson of Pleasant Hill; C. R. C. Jarrett of Concord; Judy Colvin, daughter of Mr. and Mrs. John H. Colvin of Lafayette; Diana Swayne, daughter of Mr. and Mrs. Lloyd Swayne Jr. of Lafayette; Mrs. Cecil E. Cantrell of Orinda; Mrs. Martin Holt of Oakland; Mrs. Ulbrich's "Portrait of a Little Girl" and her self portrait.

Mrs. Ulbrich is a native of Nashville, Tenn., and attended junior college and Walker Art Institute in that city. The artist's work has been exhibited at the 1951-52 Los Angeles County Fair, the 1953 Contra Costa County Fair art exhibit, where she was awarded first prize and the popular selection award for oil portrait, the 1953 Walnut Festival in Walnut Creek and the 1954 Artists' Market annual art show in Lafayette.

Those Lawn Moths, Skipper Butterflies — Now's the Time to Act Against Them

Fortunately for the busy gardener, grass lawns in California are appetizing to a very limited variety of insects, says the California Association of Nurserymen.

During the summer, however, lawn moths and skipper butterflies like to lay their eggs in the thick, moist sod of a well-tended lawn. Both fly in short, zig-zag flights close to the lawn, the moths at dusk the skippers in daylight.

These egg-laying adults do not, themselves, harm grass, but their larvae, hatching from the eggs, feed on grass plants at the surface of the grounds. Severe infestations result in browning of the lawn in irregular "moth-eaten" patches.

Modern pest controls can protect your lawn against these damaging larvae. Just remember the adults fly in from outside and the whole state would have to be treated to deactivate them. What the homeowner is concerned with is only the grass-eating larvae.

RIGHT NOW is an excellent time to start treating. Arsenate of lead at 5-10 pounds per 1000 square feet is an old, effective remedy. However, it is difficult to apply because it is dusty. Also, it is poisonous and must be used with caution.

Chlorine is the preferred chemical these days because of its safety margin and its efficient residual protection. It can be applied in any of three forms:

1. Easiest is the granular pest control—not dusty, clean, use, easily hand-broadcast or applied through a lawn spreader.
2. Spraying is a common method but application is fussier and less

HOME and GARDEN

uniform.

3. Dusting is probably the least pleasant method and hardest to apply evenly, as correct rates are very light.

TWO OR THREE applications during summer and early fall are usually sufficient. If browning of the lawn continues under such a program, it is likely from fungus disease, lack of moisture or some other cause.

Most other lawn insects, including ants, are controlled by this same program, so it has extra value features.

An important part of any successful pest control is regular feeding of the lawn to help the grass grow strong and resistant. Modern lawn foods can be obtained from your nurseryman.

Many Area Boys In Varied Events At Scout Circus

Meridian District was represented in the recent Mt. Diablo Council Circus at Concord by Cubs from 11 packs, Boy Scouts from 21 troops and Explorers and leaders from six Explorer units, according to Dick Ross, assistant district executive.

Freedom for Scouting, which featured games and physical fitness contests, had Troops 200 and 207 from Orinda, 215 and 221 from Pleasant Hill, 219 and 223 from Lafayette and Troop 206, Danville.

SCOUTS FROM Troop 231, Pleasant Hill, were entered in the "Boys on Bikes" event, as well as the building of signal towers in the Freedom to Pioneer.

Ship 203, Lafayette, and Post 317 Pleasant Hill, entered floats in the Exploring act, Home of the Brave, the Indian act, had representatives from Troop 207 and from Troop 220, Walnut Creek and Posts 300, Orinda; 306, Danville, and 333 Pleasant Hill, Berkeley, assistant director of Post 310 was event director for the Prelude.

In addition to Troop 231, other troops participating in the Freedom to Pioneer act were 200 and 207, Orinda; 209, Pleasant Hill; 211, 214 and 222, Walnut Creek; 236, Danville, and 204, Lafayette.

TROOP 204 was featured in the finale, Freedom to Worship, as the boys gathered around the campfire listening to their scoutmaster's story of America's heritage. Also participating in this event were Troop 215, Pleasant Hill, and 237, Orinda.

Pack 45, Pleasant Hill, entered several members in the clown events, which lived up to the show with their humorous antics.

The Scout Circus was held May 14 and 15.

Class for Mentally Retarded Started

A new special training class for mentally-retarded children in the Lafayette-Orinda-Walnut Creek area will go into operation at the Burton School in Lafayette next September.

Superintendent of the Lafayette Elementary School District W. B. Ellis announced this week.

Ellis said, "Plans being formulated by members of the district and the County School staffs will provide new opportunities needed by children with limited capacity for learning."

"THE CLASS will be taught by Mrs. Ava Westerman and will include children of the primary and middle grade ages."

Mrs. Westerman is presently a kindergarten teacher at the Lafayette School. She has been studying special training programs in other schools and believes that "with the right kind of experiences, these children will have the same opportunity as others to be happy, healthy children and to grow to useful adulthood."

POINTING TO THE care with which pupils are being selected for the class, Ellis stated that "besides receiving a series of tests and examinations, the case of each individual will be considered by a committee, members of which will include teachers, principals, guidance consultants, psychologists, curriculum consultants, a nurse, speech consultant and Ellis."

Ellis commented that there are about eight children from the Lafayette area who will be included in the class next semester, as well as children from the other neighboring areas, at least on a temporary basis.

ORGANIZATION of a special training class is part of a broader program undertaken recently by the Lafayette trustees to improve the

Sauer Predicts Reduced Costs Of Road Upkeep

Maintenance costs for county roads should be considerably reduced after completion of the road bond construction program, County Road Commissioner Victor W. Sauer said yesterday.

"After the road bond program is accomplished, and with the good subdivision roads now being installed under the new subdivision ordinance, maintenance costs should be brought down considerably," Sauer stated.

The road commissioner explained that the major roads resulting from the \$10,250,000 road bond issue will be an important factor in lowering maintenance costs, since money will not have to be spent for so many piecemeal repairs.

Swim Pool Aided By Filter Plant

In years gone by, filter plants for residential swimming pools were complicated and not easy to operate. They had from eight to 10 valves, which had to be manipulated at regular intervals to keep the system operating properly.

The modern filter plant pioneered by Landon, eliminates this headache. It has just one plainly marked dial-type valve that controls filtration, backwash, overflow and shut-off. Its filtration cycle is automatically controlled by an electric timeclock.

This system includes an automatic built-in surface skimmer that draws floating leaves and bugs from the pool surface. This feature means cleaner pools, less maintenance.

Another important thing to look for is a self-priming pump and motor assembly mounted above water level. This recent development eliminates dark spider-infested pump pits which sometimes flood out, ruining the electric motor.

A good filter plant should put through the full gallonage of the pool in from 12 to 18 hours. In the average sized pool this means a three-quarter or one horsepower slow-speed motor and a 30 or 36 inch filter tank.

Water Safety Has Its Start With Safe Water

Once you put your private swimming pool in use, water safety begins with safe water.

"Calcium hypochlorite is a dry granular chemical that is easy and safe to use," Dean B. Spurgeon of Walnut Creek, pool sanitation expert and owner of Monarch Paper and Supply Company, states.

"IT DISSOLVES instantly in water and provides effective, low-cost general sanitation for pool and premises, killing germs and algae in the water.

"Chlorine is particularly effective for fill and draw type pools because it maintains a residue of disinfectant to counteract any pollution after the pool is first treated.

"SO LONG AS there is chlorine present, most types of algae will not live and the water will remain clear. For this reason it is a good idea to maintain the chlorine content even if the pool is not used for several days.

"Putting the pool in good working condition at the beginning of the season and maintaining its sanitary condition are as simple as any house or garden chore. They make backyard swimming just about the healthiest and safest of summer recreations for the whole family."

Red Cross Will Name New Officers

The annual meeting of the Mt. Diablo Chapter, American National Red Cross will be held at the Chapter House in Walnut Creek Monday, June 7 at 10 a.m.

Annual reports will be presented and officers for the year will be elected.

Swim Fun in Your Own Backyard!

Oceans of fun in your own backyard can be yours and your neighbors'. For healthy, all-day recreation use, nothing has quite the fascination of a swimming pool.

It has been estimated that there are already more than 1000 private pools in Central Contra Costa County and that 75 new pools will be built in the area this year.

Many California families with ordinary incomes enjoy their own pools. About this time of year they're getting them ready for the months of aquatic good times ahead.

The private swimming pool is no longer a symbol of great wealth. Availability of bank and FHA financing, new low-cost construction methods and effective sanitation chemicals for all types of pools have brought about the change.

In fact, some of today's swimming pools cost less than an automobile. It's no longer surprising to see one alongside a ranch house on a small lot.

That Swim Pool Really Pays Off

Properly built, a modern California swimming pool more than pays its way.

It adds about \$3 per month to your electric bill and requires approximately \$4 per month for chemicals to eliminate algae.

Water bills won't increase since the water in the pool simply recirculates, once the pool is filled.

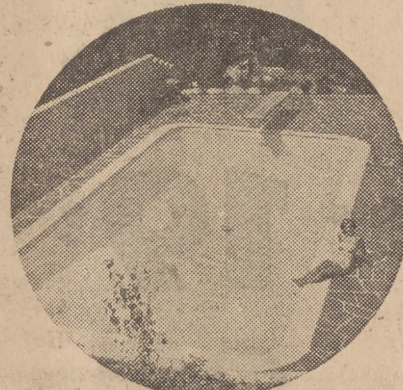

In most cases, swimming pools increase property values more than

Weekend Track Meets Wind Up Season

Dons Competing In Hollister, Berkeley Events

The curtain rings down on prep sports today and tomorrow when the track team of Acalanes takes part in the Hollister Relays and the State Meet.

Thirty-five trackmen have their last fling at the Hollister Relays today, and on the basis of the season's record they figure to bring back some trophies to show for their efforts.

TOMORROW is the red-letter day for track addicts as they trek to Edwards Field on the University of California campus for the State Meet, which finds the cream of the crop on display.

The Northern preps are figured to make their best showing in years, with Alameda High favored as a possible winner.

The Dons have two representatives in the meet, Ray Williamson and Jim Hart.

WILLIAMSON won the North Coast shot put last week but will have to be at his best to place.

His winning distance was 54 feet, 7 3/4 inches.

Southern results showed four men over 58 feet, with the winning heave bettering 60 feet.

Hart placed third in the North Coast shot and will take part in the event in the State Meet, and will also participate in the discus event, which is on an exhibition basis.

Hart's best chance appears to be in the discus, where he has a best of 144 feet, 10 inches.

Diablo Devils Whip Dons, 5-2

The Acalanes Dons took it on the chin Tuesday when the Diablo Devils bopped them for their fifth baseball loss, 5-2, at Concord.

Diablo's Don Landrum, with a home run and a triple, paced the winners.

Diablo scored three runs in its first time at bat on three hits, and was never headed.

THE DONS SCORED ONE in the fifth, only to have Diablo add one when Landrum hit a four-base swat.

In the seventh, with the Dons trailing 5-1, things looked up when Bart Perro led off with a single and Red Jones put two on with his single.

Ferro scored when the shortstop booted Bob Gray's infield bouncer, but the rally ended there as Richie Munn grounded out after Jerry Coakley flew out and Jones was retired on a fielder's choice off the bat of John Champlin.

Jones received the loss with Aspin the winner. The Dons had but four hits to Diablo's seven.

IN OTHER LEAGUE games, the John Swett Indians outlasted the Las Lomas Knights 8-7 in a free-swinging contest at Crockett.

In the hit department, Swett had eight and Las Lomas seven. Lahde was the losing pitcher, with Arnoldi credited with the win.

IN THE LEAGUE'S other game, Pitt's Pirates fell before the Alhambra Bulldogs, when Cox pitched nine-hit ball to win 11-8 over Jackson, who gave up 11 safeties. In errors, Pitt led, 3-2.

THE LEAGUE winds up next Tuesday with Las Lomas, and from here it looks like the Cougars of Albany are in as champs, with 12 wins and 2 losses while Mt. Diablo is second with a 12-3 record.

Antioch is third, with 11-4, while the Dons are fourth with a 10-5 count.

Pitt is next with 7-8, then it's John Swett, 5-9; Pleasant Hill, 4-11; Alhambra, 3-12, and Las Lomas, 2-12.

St. Mary's Grid Star to Be Feted

More than 100 former students of St. Mary's College will gather at Justin Grove on the campus Sunday to pay tribute to George Ackerman, ex-Gael football star and All American.

Ackerman will be presented with a plaque which for the past 24 years has been enshrined in the college trophy room. Mayor William Beasley of Antioch, a graduate of St. Mary's, will make the presentation.

Occasion of the ceremony is the first annual barbecue-get-together of the Mt. Diablo chapter of the Alumni Association.

Jack Rarig of Lafayette, chairman in charge of arrangements, said the general public as well as all former Gael students were invited. The barbecue is scheduled to begin at 2 p.m. Swimming, hiking and other sports activities are being arranged for children.

Tickets cost \$1.50 for adults and 50 cents for children and can be purchased at Justin Grove, which is adjacent to the football practice field.

SPORTS

A BIG SEASON in the Walnut Creek Softball League is expected by the Super Saver Market nine. Though they dropped the opener last week, they came back in midweek with a win. They are (front row) Chuck Regalia, Frank Buchanan, Jerry Berger, Bat Boy Mike Amnell, Ralph Ligon and Bill Rupp; and (back row) Lenny Gomes, Gordon Taylor, Bobby Weirich, Al Stefani, John Henson, John Witherwax and Harry Dunham. Sponsor Harold Levy is at right. — SUN Photo by Elvin L. Wallace.

Borghesani Sets Record Pitching 18-Inning Game

Bob Borghesani, who has been in the headlines ever since he started school at Acalanes back in 1948, did it again when he put on a one-man show in a baseball game at Bushrod Park in Oakland last May 16.

Despite the fact that he was on the losing side, Big Bob set a record when he threw all the way in an 18-inning game ending in a 2-1 score.

The big portside gave up but nine hits, yielding but one hit in the first nine, while setting down 16 via the strikeout route.

PITCHING for Ransome Construction against Lane All-Stars, Bob lost in the 18th when Lane's club scored after two were down and he had two strikes on the batter.

Bob Cunningham, pitching for Lane's, got tired and retired from the mound in the 15th but was the game's hero, as he collected the hit that drove in the run in the fatal 18th.

Borghesani's performance is believed to be a record for Bushrod Park and has a number of baseball scouts on the prowl, many of whom have been interested in him since his performance in the All-Star game two years ago.

BOB JUST COMPLETED play for the Varsity basketball team, captained this year's football team and was All-Conference end in 1953.

IN BASKETBALL he was the club's leading scorer for two years and captained this year's championship squad.

He was also chosen on the All-League team for the second consecutive year.

He won a place on the All-Conference basketball team, captained this year's football team and was All-Conference end in 1953.

Clothiers Score Wins Over State Farm, Forbrags

Last Friday night, Super Saver dropped a 5-4 decision to Yacht Club of Martinez with credit for the win going to Jim Hill who went the distance on the mound while Johnny Daylong and Johnny Henson shared hurling duties for the losers.

Super Saver had four hits while Yacht Club batted out seven safeties. The game was an exhibition tilt and had no bearing on league standings.

IN THE NIGHTCAP, last year's champs, Grodins, remained in the undefeated class by nailing down a 6-3 decision over Forbrags. Grodins showed with five hits to the loser's four.

Grodins took the lead by scoring once in the second and racked up the win by adding two in the fourth, two in the fifth and one in the sixth.

Del Ramanio and Ralph Jackson had two for three for the winners with all blows being singles with the exception of a triple by Jackson.

HEC MILES WAS the bright light for the losers as he homered in the sixth with two on for the only scoring of the night by Forbrags. Les Frost was the winning hurler with Jack Ogden being charged with the loss.

Monday, Rick's Drive Inn routed the State Farm nine when pitcher Claude Boleander set the State lads down with two hits and a shut out while his teammates chalked up 14 runs on 14 hits.

Pacing the winners' attack at the plate was Bob Hinkson with a home run, double and single in three times at bat, while teammate Dal Halbert had a homer and a single in four times at the plate. Ken Johnson was the losing pitcher.

In Monday's second game, Super Saver with eight runs and seven hits copped the nod over Tri-City which had two runs on two hits.

HARRY DUNHAM, THE veteran workhorse, was toting the rubber for the Super Saver nine and was only in trouble in the opening frame when Tri-City scored their two runs.

Super Saver came back with three of its own in its turn at bat and was never headed. Louis Mozzini was charged with the defeat while Bob Weirich led the Super stickers with a triple and single in three times at bat.

Tuesday's play saw Super Saver post a win over Lanes Club from Antioch on a forfeit when the visitors walked off the field in protest to an umpire's decision in the third inning. The Antioch club was leading 2-1 when it left.

In the nightcap, Tinsys and Forbrags put on a sterling exhibition of ball when the game was tied at six all at the end of the regulation seven.

IN THE BOTTOM of the eighth, Carl Elgard put the game on ice for Tinsys with a timely double to score Jim Bankhead who had reached first by virtue of a single and via a sacrifice by Gene Bell.

Johnny Striked started on the mound but was replaced in the first by Bell, who took over with the bags loaded, three runs in and none away.

Frank Freitas and Dick Gordon were Times heavy artillery as they each had three for four in the at bat column. Freitas showed with a home run, double and single while Gordon had two singles and a double.

Swede Anderson had two single for three attempts to pace the losers.

Wednesday found Hec Miles in the leading role for Forbrags when he paced them to a 3-0 win over Oakland Pabco Club with two for three, a single and a double.

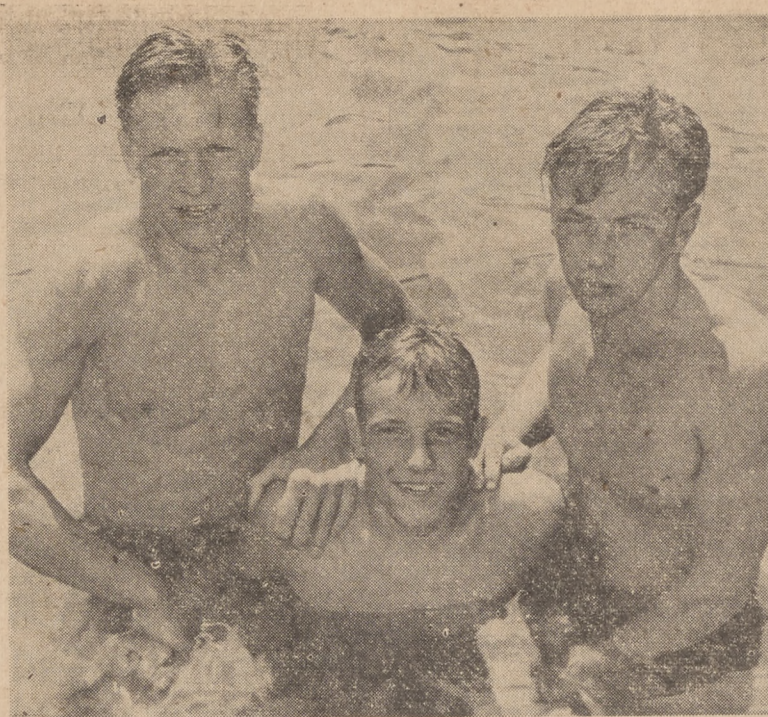

EACH CLUB HAD five hits while Forbrags runs came with two in the fourth and one in the fifth. The game was an exhibition tilt.

In the second game Grodins continued their winning ways at State Farm's expense when they posted a 10-1 win called at the end of the sixth due to the time limit rule.

Les Frost added another win to his victory belt while State used two hurlers in losing, Bill Jageman and Manager Fortney.

Grodins scored five runs in inning number one and were never headed as they belted nine hits to the losers four. Don Silva with a double and single had a perfect two for two at bat for the winners.

Shopping at home has a number of advantages. You save time, effort — and money, too.

THERE IS NO EXCUSE for the above three to be smiling (Knobel is) other than all three Dons copped first places in the A division of the county swim meet. Going down for a victory dunk is Frosh George Harrison, winner of the 100-yard backstroke and the 150 individual medley. John Sullivan, strongarm boy on the left, was also a double winner. Sullie took both the 50 and 100 yard freestyle events. Crab Knobel made a run-away of the 200-yard freestyle. Sullivan and Harrison set records in both of their individual events. Knobel was anchor of the four-man freestyle relay team which also broke a county record. — Acalanes Blueprint Photo

Baldwin Second In Tennis Finals

Dave Baldwin, a junior at Acalanes High School, ended up in the singles No. 2 spot in the North Coast Tennis Finals last Saturday on the courts of Stanford University.

Dave won the Contra Costa singles title two weeks ago in the County Meet at Diablo.

HE DEFEATED George Ferguson of Mt. View in the opening round Saturday, 6-2, 6-4.

In the second round, by coincidence, he met his doubles partner of last year, Lloyd Golden of Menlo-Atherton, and in a three-hour and 15-minute match he won out, 13-11, 4-6 and 8-6.

DAVE AND LLOYD both attended Santa Barbara High last year.

In the final championship play, Gilbert Rodriguez of Watsonville took the title, defeating Baldwin 6-2, 6-1.

Diablo Women Golfers Tournery

Women golfers of the Diablo Country Club held a Women's Championship Tournament recently, with Mrs. Barbara Kussarow of Walnut Creek capturing top honors.

Runner-up was Marilyn Pavlina of Lafayette. Results in other flights were:

Second Flight: Mrs. Lillian Perry of Diablo, followed by Mrs. Lyra James, Oakland. Third flight, Mrs. Eileen Joslin of Walnut Creek, followed by Mrs. Helen Baalan, Oakland. Fourth flight, Barbara Engalls, Lafayette, followed by Marg Barker, Walnut Creek. Fifth flight, Mrs. Marion Bronkhort and Mrs. Mildred Rossi, both of Oakland.

Acalanes Entrants Dominate Jaycee Sponsored Rodeo

Acalanes High School entrants dominated Mt. Diablo Area Junior Chamber of Commerce Teen Age Road-E-O at Acalanes last Saturday, as they drove off with the first four places.

Winner was a recent graduate, John Thomas Klement, 17, of Valley View Drive, Orinda. He will participate in state finals at Culver City June 26 and 27.

FIFTY TEENAGERS took a written test and 21 of them participated in a strenuous driving test which involved backing, parking and smooth driving.

Other winners were Dick Dobell, second; John Bonn, third, and Wendell Faulk, fourth; all from Acalanes.

Pete Clark, Mickey Warner and Ron Hanson were judged the best entrants from Pleasant Hill High School and Bob Riegg, Bob Delaray and Ken Daily were the best from Las Lomas High School.

Also participating were Fred Arbogast, Fred Lincoln, Reynold Marin, Carol Miller, Tom Pope, Margaret Potter, Roger Schulz, Clifford Soares and David Pilcher from Acalanes and Cliff Crowden and Martin Hill of Pleasant Hill.

JUDGES WERE Deputy Sheriff Allen Rhodes, Constable Clinton Jones and sheriff's reserves Harold Wales, Norman Croel, Jeff Redmond, Harry Innis and Jerry Hamilton.

Jim Dana and John Kennedy arranged the contest for the junior chamber aided by Don Hall, Ed Bjornstad, Bob Hickey, Cliff Phil, Angel, Hans Betz, Sam Mason, John Weil, Dick Kilner and Bob Boyles.

WHO BEAT WHOM? That's the question that was being asked all through the stands after the 100-yard dash in the county track meet. Les Trapps of Pittsburg won the race in 10.3 but the rest of the places were controversial. Everyone but the judges thought Bob Carlson had a place. He ended up out of the money. The picture could be fooling everyone, but even Bob thought he had a place. The two Diablo men placed second and third and another teammate also got a place. Carlson came back to cop a second in the 120-yard 50 hurdles. — Acalanes Blueprint Photo

Tennis Title Won by Dons

The Don racquet wielders, under Coach Bob Lord, wrapped up the county tennis title Tuesday when they stomped the Diablo Devils on the Concord courts, 7-0.

The Dons won in a walk as they found the going to their liking, and the issue was seldom in doubt once play got under way.

THE WIN AVENGED an earlier defeat at the hands of Diablo and gave the Dons a season record of but one loss, while all the other teams have lost three or more matches.

In singles, Dave Baldwin coasted to a 6-1, 6-1 win over Milt Gordon. Don aRthgen walloped Neil Francis 6-1, 6-0. Jim Browning trimmed Herman Corder 6-4, 6-2. Ron Huffaker took Sam Peters 7-5, 7-5, and Phil Lowthian made it a clean sweep, whipping Fred Hansen 6-3, 7-5.

IN THE DOUBLES Rathjen and Browning dropped Gordon and Francis 3-6, 6-1, 6-4, while Morris Bergesen and Lowthian measured Peters and Hansen 6-3, 6-2.

Gary Gorman was the only other first place winner for the Blue and White, touring the 50-yard backstroke in 33.2.

Our want ads carry good news for you.

Palo Alto Beats Don Swim Teams

The Don swimmers went into the meet with the Palo Alto paddlers on May 12 at Acalanes with the Contra Costa county championship crowns on their heads, but they came out of it with the crown a bit on the large size, as Palo Alto won the Varsity division 42-33 and splashed their way to a narrow 33-32 margin in the Bees.

The Dons did have their moments, however, when they copped a good number of first places.

IN THE VARSITY meet, the "frosh flyer," George Harrison, took the 100-yard backstroke in 10.47 and made it a double win when he negotiated the 150-yard individual medley in 1:41.7.

Charles Knobel aided the Don cause with a first in the 200 freestyle and a 2:12.5 time.

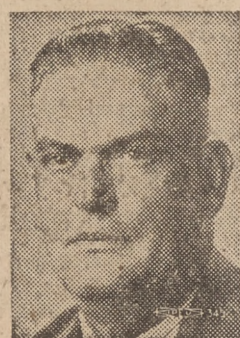

John Sullivan was another Acalanes first place winner with a 57.1 in the 100-yard freestyle.

IN THE BEES, Val Geissler captured two first for the Dons with a 48.4 in the 75-yard individual medley and a 26.9 in the 50-yard freestyle.

Gary Gorman was the only other first place winner for the Blue and White, touring the 50-yard backstroke in 33.2.

Our want ads carry good news for you.

June 8 Is Election Day . . . Here's List of Candidates

A hot contest for county sheriff in the June 8 primary election is assured.

However, there will be no contest in half the 12 county offices including the important posts of district attorney and school superintendent.

Contests were also assured in the Sixth Congressional District, 10th Assembly District, Third Supervisorial District and for Walnut Creek Judicial District constable.

THE PICTURE varies in Democratic and Republican Central Committee districts, with races in some, no contest in one and insufficient filings in others.

Candidates will be:
Sixth Congressional District: Incumbent Democrat Robert L. Condon, crossfiled; Republican John F. Baldwin Jr., crossfiled, and Democrat Al L. Day, crossfiled.

Tenth Assembly District: Incumbent Republican Donald D. Doyle, crossfiled, and Democrat Edward N. Munns, Democratic nomination only.

Third Supervisorial District: Incumbent Ray S. Taylor and Leslie R. Iford.

SHERIFF: JOHN A. Miller, Fred R. Nettles, B. W. "Dick" Richardson, Lt. Harry A. Brown, Major F. Slater and Daryl F. Hutchins.

District Attorney: Incumbent Francis W. Collins, unopposed.

School Superintendent: Incumbent B. O. Wilson, unopposed.

Concord District (two to be elected): Raymond Van Tassel, George H. Hauken, Jack Pedder and Joseph R. Creighton.

Third District (six to be elected): John H. Gillan, Harmon K. Howard, James T. Riteh, King E. Parker Jr. and Berl D. Bales.

Fourth District (two to be elected): none filed.

Fifth District (two to be elected): Ben Peterson and William D. Dick.

DEMOCRATIC CENTRAL COMMITTEE
First District (13 to be elected): Joseph Formica, Francis H. "Frank" Hendricks, Clarence Marshall, Roger W. Morgan, John Joseph Sheehan, Frank Anthony, Donald E. Kister, Fred C. Kaufman, Robert W. Pelletreau, Luther Thomas, Jack Stoddard, Fred E. Long, Charles P. Wright, James P. Kenney, Thomas Hugh Caudel, Paul D. Ward, Richard Haber, James P. O'Driscoll, Ira E. Schuchman, Donald E. Mary, Jewell, Marian J. Patterson, Joseph Genser, Marvin A. Joseph, Louis L. Edmunds Jr., Roger L. Randall, James E. Gowen and Burton Engham.

Second District (two to be elected): None filed.

Third District (four to be elected): Mary McCreedy Edwards, Bruce W. Doerner, Thomas E. Kendall, C. A. "Cappy" Ricks, Thomas F. McBride and Matthew S. Walker.

Fourth District (three to be elected): Martin E. Rothenberg.

Fifth District (two to be elected): None filed.

Applications
Now Taken for
YMCA Day Camp

Applications for the East Contra Costa YMCA Summer Day Camp program are now being taken for the three camp periods, each running two weeks, beginning June 14, it was announced yesterday by John Price, director of the Y program for this area.

The camp program, which was inaugurated last year, is for boys 8 to 13 years of age. It provides fun and constructive guidance in the outdoors, new places to visit, new activities and new friends in the boy's own community. The program will include trips, chapel, campfire, supervised games, swim instruction, rowing, hiking, skating and many other activities.

THE DAY CAMP program will be under the leadership of Oran Crumley, a graduate student at the University of California. Crumley directed the program last year.

Each boy will be in a small group under the careful supervision and sympathetic guidance of an older counselor. Counselors are young adults who have demonstrated skills in working with children and who have had previous experience either in camp counseling or in teaching.

Each two-week period will be limited to 20 boys.

TOTAL COST for the two-week period is \$20. Included in the fee are milk, transportation, crafts and limited accident insurance.

Campers will be picked up and returned to their homes by private car. Camp session is from 8 a.m. to 3 p.m., Monday through Friday. Applications should be made through Price, 3165 Hudson Avenue, Walnut Creek, Yellowstone 4-9070.

Spotlighting The Strip
By KITTY COLE
VACANT MIND? As who isn't this time of year? But maybe like many of us, your finances won't allow an out of town trip. Well, never mind, because I have found a place just around the corner from you, where the whole family can have the time of their lives, every day in the week.

This is CASTLE ROCK PARK, a jewel set in the foothills of Mt. Diablo, a truly beautiful spot. Managed by FLORENCE and REESE PRICE, the park opens every morning at 10 a.m. and features swimming, dancing and picnicking. There are tables, barbecue pits, an outdoor pavilion for dancing, a refreshment stand, and two pools, one for swimmers, and one for children to wade in. As an added attraction, miles of shaded trails for hikers.

Easily accessible from all areas, you can reach the park by the Walnut Creek area take Ygnacio Valley Road, and from Pleasant Hill and Concord take Oak Grove Road and both will lead you to Castle Rock Road. Just a short, cool ride from your home to CASTLE ROCK PARK.

Have you seen EARL LINN's new convertible? Earl is the popular manager of RICH'S DO-NUTS in the Gregory Gardens Pharmacy. If you are young and pretty and own a plaid beret (to wear when the car's top is down), I can get you a ride in this powder blue beauty. Meeting with some people who were giving "coffee breaks" for Supervisor RAY TAYLOR, I suggested we get doughnuts (12 dozen).

It's New 'Sun Shopping News'

With this week's issue, the shopping news of THE SUN news-papers makes its bow under a new name, Sun Shopping News.

The quick results of advertising in the Sun Shopping News will, of course, be just as effective as in the Contra Costa Shopping News, the name of this paper until now. Maybe more so, since the new name clearly identifies the shopping news with THE SUN.

Along with the new name, a couple of new phone numbers are in effect for THE SUN and Sun Shopping News.

Our Lafayette phone number is now 4-444. Our Orinda number is now CLIFFORD 4-4343. For the time being, our Walnut Creek number is unchanged — Yellowstone 4-6777.

4-Lane PH Road
Boyd to Highway
Being Planned

County road bond funds can be used to widen Pleasant Hill Road to four lanes all the way from Boyd Road to Mt. Diablo Boulevard, County Road Commissioner Victor W. Sauer stated yesterday.

He said he is scheduled to meet with Diablo Highway Improvement Federation representatives and other interested persons at Acalanes High School Monday for "preliminary discussion of ideas and possibilities" in connection with this project.

The meeting will start at 8 p. m., Sauer said.

"ORIGINALLY, the bond issue called for four lanes from the state highway to Kelley Valley Road, three lanes over the hill, two lanes to Geary Road and four lanes from there to Boyd Road," Sauer explained.

"Now we find that bond issue funds can be used to widen the entire Mt. Diablo Boulevard-to-Boyd Road stretch to four lanes."

THIS WILL RESULT in a four-lane Pleasant Hill Road all the way to Martinez, Sauer said.

As reported in THE SUN several weeks ago, use of road bond money for four-lane widening from the state highway to Boyd Road is made possible by a surprise grant of \$300,000 in state gas tax funds which will apply to the northern portion of Pleasant Hill Road, leaving a major part of the bond issue money available for the southern part.

Playshop to Stage
'Goodbye My
Fancy' June 12

Lafayette Playshop, under adult education, is presenting "Goodbye, My Fancy," a comedy in three acts by Fay Kanin, June 12, 18 and 19 at Acalanes High School.

The large and excellent cast has been drawn from Lafayette, Walnut Creek and Orinda and using Lafayette Playshop's policy of using both experienced and new actors.

"We feel we have a bright, fresh comedy to offer with capable, well-known actors as well as promising young people trying the boards for the first time," said Director Bob Hudson.

Heading the cast is Thais Ackerman, an accomplished actress; Jack Varner plays a difficult role sympathetically; Josie Querio plays a lovely young girl without being saccharine; Phyllis Bradbury plays a hard-hitting secretary with no holds barred.

Also in the cast are such well-known actors as Charles Bosley, Jan Hamilton, Barbara Weill, Edith Lynn and Lenora Tiedeman.

Some of the smaller parts are carried by talented new members such as Mae Machuca, Valerie Melhorn, Gloria Lassen, Judy Ackerman and Ardie Daugherty.

"Don't miss this play, it's a fine one," said Naide Hickox, publicity chairman.

USO Benefit
Show to Feature
Top Local Talent

Plans for the benefit performance for the local USO titled "The Big Show" are well under way, with first showing to be given at Acalanes High School June 19, and a repeat show at Mt. Diablo Union High School on June 26.

All of the talent is local and Lyman Stoddard Jr., president of the Walnut Creek USO, says that a surprise is in store for those who may not be familiar with some of the performers.

One of the outstanding artists is young Mario "Butch" Guarnieri of Orinda, 11-year-old trumpet player who has appeared on television and radio as well as in many local events, notably soloist with the Contra Costa Symphony Orchestra.

Proceeds derived from the performances will be used to purchase equipment and supplies for the local unit, which is rated among the best in the state.

POLITICAL POT

Young Promises Vigorous Program

A vigorous program of law enforcement "to protect your children and mine" is promised by Walnut Creek Judicial District Constable candidate Vincent E. Young.

Your Home Is Not Safe!

If someone told you your home is not a safe place to raise children or not even a safe place for children to visit, you probably would bristle with indignation.

However, cold facts reveal that the home is not such a safe place after all.

The Health Department is sponsoring a Child Safety Crusade week and one of its primary objectives is to make mothers and fathers conscious of the fact that more children under 15 years of age are killed by accidents in the "home area" in a single year than by any other cause. In fact, more deaths are caused by home accidents than by the six leading diseases combined—heart, cancer, tuberculosis, pneumonia, leukemia and polio.

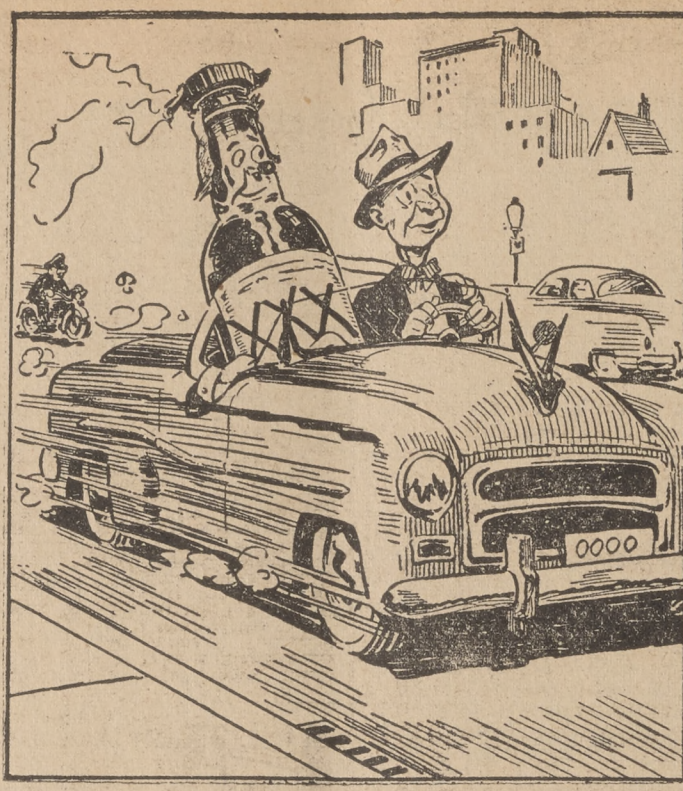

What's the answer? Well, medical science and its "wonder drugs" has reduced death by disease to a very low point. And many police and citizens

groups work faithfully on traffic accidents.

But, there are no "wonder drugs" or policemen that can keep little Johnny out of the ant pasture, out of the unguarded fish pond or swimming pool, grandfather's heart medicine, mother's sleeping pills, the neighbor's bonfire, the unfenced irrigation ditch, the abandoned ice box. Other killers are candy, aspirin, fungicides and other garden supplies, scissors, fire arms, pots on stoves and cars in driveways.

There are no wonder drugs or policemen to halt unnecessary and preventable home accidents. Only parents can do it. And it can be done.

The Health Department has literature that shows how to check your "dwelling area" for danger points, and how to teach your children basic safety habits while they are young. Parents would do well to take time to investigate the subject.

Are You an HBD Driver? Trouble Ahead!

If you're an HBD, you're headed for trouble when you drive a car. HBD, written on the police blotter stands for "had been drinking." And if they're written alongside a traffic charge against you, they mean trouble. It isn't necessary to be drunk while driving. "Had been drinking" is enough—even if you've had only those proverbial "couple of beers."

Only about 1500 people died of poisons accidentally last year in the United States. Unless, that is, you count alcohol in a driver as a poison—which it is, judging by results. Last year about 22 per cent of all drivers or pedestrians involved in fatal accidents were those who "had been drinking."

For when a driver or passenger is taken to the hospital after an accident, the hospital all too often adds three more letters to the HBD on the police blotter. Those three letters are DOA—dead on arrival.

Letters to The Editor

Editor: Martinez is being made the focal point of a peculiar situation that finds malcontent and pressure groups so vocal that unthinking persons may believe something terrible is happening to our government. Consistently we read newspaper reports of pressure groups and discontent.

Let our citizens stop just one minute and consider the sources. None of the furor is coming from the Fifth Supervisorial District; none from the Fourth District; none from the First District.

Nearly all of it has its promotion in the Orinda and Lafayette sections with a small smattering in two sections of the Third District, and both of these sections have personal tieups with the Lafayette and Orinda areas that any inquiring voters can learn on inquiry.

Why the Lafayette and Orinda promoted squabbles, the malcontent and discontent? The truth is these areas have gotten some real public service attention.

What gives and goes, anyway? Is there an aim to "take over" the county by preachment of discontent to a people disturbed by the international situation? Is one small area being led by a small group that from one corner of the county wants to run all of Contra Costa?

That area, strangely, has succeeded to a great extent in dominating one of the county's major political parties. Are these champions of malcontent and discontent so used to running things in business that they want to run a whole county from off in a corner?

Never is there a constructive preachment on methods of assuring jobs or good highways to get to them. No constructive essays or statements on industry. No constructive effort on anything but just grab, seize and manufacture opportunities to rap — just rap and tear down.

What gives, anyway? Is there need of some widespread citizen awakening in Contra Costa to be sure we have representative government and not one-owner rule? We need some builder-uppers. Let the tear-downers stay in their own pasture.

W. C. MARVIN
540 Wano Street
Martinez

Dear Editor: Your firm stand on trash dumping is commendable and, believing myself a law-abiding citizen, like the majority of my neighbors, I'm behind the idea of a trash center.

Just one small question. It seems to me something is missing. Where I used to live, in San Francisco, San Mateo, Los Angeles, Redwood City and Burlingame, they had something: a public dump, where it was legal to discard unburnable, ungarbageable material.

For eight years in Lafayette I've been wondering, where is a legal trash dump? If we don't have one, what are we supposed to do — eat it?

My personal concern is the large pile of weeds from the garden; too much to compost; too green to burn (and no longer any room to spread it to dry) too expensive to have it hauled away each week; no more vacant lots to spread it in.

Please, continue your public service and give me the name of the nearest legal dump — in a hurry! (Name withheld on request.)

Has the Board of Supervisors told you that they favor increasing the number of the county residents by giving illegal relief to the realtors? As a taxpayer, I'd like to know about this and before the primaries.

Now, Mr. Editor, what does the Board of Supervisors say about this? Have they told you that they will repeal an ordinance adopted for public protection? If not, do they

What They Say... The primary elections will be coming along June 8, and politicians of all types have been competing for space in every possible advertising medium.

You can't drive down Mt. Diablo Boulevard without counting dozens of stickers urging you to vote for somebody for one office or another.

With all this in mind, THE SUN this week called local residents to ask "Have you followed the news about the candidates in the June 8 primaries, so as to know pretty well whom you'll vote for?"

WE WERE CAREFUL not to ask anyone exactly whom they would vote for, because that is private business, but here are the answers: "We're very much interested," said Mrs. Edward Martin, 8 El Sereno Road, Orinda, and I've attended dinners and the whole list of affairs. We're keeping right up with it and think it's most important."

Mrs. Melvin M. Mason, 5 Bonita Lane, Orinda, said "I'm afraid I haven't, I'm afraid I'm a very poor person about the news."

"No, I haven't," replied Mrs. Robert H. Gross of 1985 Jeannette Drive, Pleasanton, and I suppose you want a truthful answer, and I just haven't followed it."

David E. Bell of 156 Hilltop Crescent, Walnut Creek, said simply "No I haven't."

"Yes, I believe I know just about what course I'll follow," said Mrs. Robert J. Moore, "though it is a little early yet to be sure about all of them."

Under The Sun

By Herman Silverman

That sizzle should burst into fireworks

Electioneering has been relatively quiet so far, but with the Primary only 11 days away, fireworks should really start to explode. The congressional and sheriff's elections have evoked the most interest.

However, observers predict that the Baldwin-Condon battle will continue to be mild on the surface, contrary to original expectations. Many expected a mud-slinging fracas with charges and counter-charges over the communist issue. But GOP strategy has been just the opposite: in public stay away from this issue. Don't allow Condon to become a martyr—and anyway, the charges against him have been clearly stamped.

Condon returned from Washington May 16 and has been speaking at the drop of a hat throughout the district. He is a powerful, persuasive speaker. Whether or not his labor and Democrat support will stand by him remains to be seen.

A top Baldwin adviser told me that Baldwin has an "outside chance" of winning both tickets at the primary. But a veteran county politician just laughed when he was told of this.

Actually, "quiet" isn't the right word for the sheriff's race. The candidates are now slugging it out on the platform. But much work these past two months has been behind the scenes.

County machine's behind Richardson

The county machine is behind B. W. "Dick" Richardson of Richmond. Pressure is being exerted in every corner of Contra Costa to line up votes for him. Not all the machine was for Richardson but Sheriff Jim Long and some of the boys named Richardson as Long's heir and the machine consolidated behind him. Thus, Richardson was further rewarded for withdrawing from the sheriff's race four years ago in Long's behalf.

That pressure for Richardson is coming from the gambling interests seems rather obvious, regardless of whether he has actually solicited such backing. I understand that bar owners who have posted Miller or Brown signs have been told to replace them with Richardson posters. And they comply. (Most bars, however, have gone along with Richardson from the start.)

A more subtle method of persuasion is more often reported. The word is out: "Support Richardson and Long's policies will continue. And maybe the county will be opened up even more."

Owners of nightspots in this area, who know that wide open gambling is impossible here, have been approached by pin-ball machine distributors to support Richardson.

As an example of things to come, North Richmond has been allowed to run wide open by the sheriff's department, according to reports.

This does not mean that only crooks and the machine are Richardson supporters. I have several friends who are actively campaigning for him. Four years ago a group in this area rallied around Richardson when he announced he planned to run against Long. I introduced him at a Chamber of Commerce meeting, where he spoke in behalf of his candidacy.

Then, he let us all down. He pulled out of the race, bought a car (used Ford) took off for a month's visit to his relatives. He was then the Richmond area constable. When he returned, he was named Richmond civil defense coordinator and later also became manager of the Richmond Auditorium. He is now on leave from both jobs.

(Since the above was written, I have had a lengthy discussion with Richardson. Tuesday afternoon Dick emphatically denied he is backed by any gambling organizations. I asked why he doesn't publicly disown such support and tell the bar owners and others that, if elected, he will allow no gambling and enforce the law impartially, regardless of who they supported.)

(Richardson said he had been advised not to issue statements denying charges, since it only lent credence to those very charges. He declared he has never had contact with the gambling interests and certainly would not accept their support. He ridiculed reports that he has \$80,000 to spend, pointing out his campaign has been extremely modest.)

(With this I agreed since he has distributed only candidate's cards and posters, no pamphlets or newspaper space.)

(Richardson argued that in 1950 he was just considering the possibility of running for sheriff, although he admitted that with several of us in this area he said he was going to run.)

Is Miller still the No. 1 candidate? Enough about Richardson. There's an interesting reaction setting in to John Miller.

Because of his untiring house-to-house canvass these past eight months, many observers considered Miller as the No. 1 man—almost "unbeatable."

Now, however, people seem to stop and say, "Yes, he's visited thousands of homes but do you know anyone who is for Miller?"

I agree that his house-to-house campaign has been credited with too much importance. It certainly is completely ineffective to anyone who is familiar with Miller's record as sheriff from 1935 to 1943. (His brother used to operate the slot machines—which John does not deny to me. If you ask him, pin him down—and don't ask if his brother "OWNED" the machines.)

But let's not be foolish about Miller. He's still the strongest candidate. He's talked to thousands of voters—who know nothing of his past. He'll win one of the two spots in the Primary.

Brown's campaign is starting to roll

The political wind is changing in another direction. Several weeks ago the grapevine said that Richardson was a cinch to beat Harry Brown for second spot. And I thought so, too. (And, looking at it completely objectively, I still think Brown will be third unless a minor miracle happens.)

But Brown's campaign is starting to roll. Volunteers are popping up all over the county—and these enthusiastic, 100 per cent amateurs may perform a miracle. Harry's platform and speeches are straight forward, sincere and strong. He's calling a spade a spade.

The opposition is worried. They're attacking him in meetings, when previously they even paid him compliments. His signs are being pulled down from telephone posts. (Probably this is happening to others also.)

And this week Jim Ritch in his Gazette column in Martinez wrote that it will be a tossup among the three major candidates.

Brown has everything against him. He lacks money, a campaign manager, organization. An appeal for funds is being made this week and perhaps you, too, will help. The letter reads: "I believe Harry Brown is the one and only candidate for sheriff who is worthy of support."

"We need Harry Brown for sheriff, but he needs our help. He has spent \$2000 of his savings and has just mortgaged his home for campaign funds. The only contributions asked or received are from people who want good law enforcement — and this does not bring in as much money as the political machines are producing. One candidate reportedly has \$50,000 available."

"We are trying to raise \$2000 for a complete mailing of the county. Will you help?" "If so, your check (\$1 to \$100) will be most welcome. Make it out to "Brown for Sheriff Committee" — and send it to Charles Bosley, 1924 Shuey Avenue, Walnut Creek, or Harry Brown, Alamo. "It's up to you and me to help elect an honest sheriff. Won't you send your check now? Thank you."

Well, see you Wednesday night at Alcanes for the Candidates' Debate. It promises to be a very hot meeting.

Self Regulation by Realtors Urged

Discussing problems of the real estate business, State Real Estate Commissioner D. D. Watson addressed the meeting of the Contra Costa Real Estate Board at the Rancho Grande in Lafayette May 20.

The commissioner pointed out the need of strengthening the qualifications of those engaged in the business. He listed numerous possible abuses which he felt should receive the consideration of local real estate boards with the idea of doing something about it themselves through their own local and state organizations.

WATSON REVIEWED the tremendous growth of the workload of the state division of real estate caused by increased real estate activity and subdivision development.

In order to keep costs of government and enforcement at a minimum, he urged that more self-regulation be undertaken by the industry itself.

Requirements for obtaining real estate licenses are constantly being stiffened, he stated, but he does not believe the qualifications as yet are

sufficiently high. He not only urged the board members to start raising the standards and qualifications of their own applicants, but also urged that they form a local committee to study deficiencies in regulation of real estate licensees in general.

THE COMMISSIONER further stated that, in his opinion, there would be no need of licensing agencies if all in the real estate business subscribed to and lived up to, the realtors' own code of ethics.

While a great majority of our realtors are men and women of competence and integrity, the officers of boards must be on their guard against the unscrupulous, irresponsible and incompetent few.
